

CONSEIL DE L'UICN 2021-2025

Décisions du Conseil de l'UICN et de son Bureau adoptées par communication électronique entre les réunions

(Énumérées ci-après par ordre chronologique)

Note préliminaire :

Les Statuts et Règlements de l'UICN permettent au Conseil de l'UICN et à son Bureau de prendre des décisions par communication électronique entre leurs réunions. Toutes ces décisions sont consignées dans le présent document.

Les Statuts exigent que, pour entrer en vigueur, toutes les décisions du Bureau soient « validées » par le Conseil de l'UICN selon la procédure de non-objection décrite à l'article 58 du Règlement. La liste ci-après ne reprend que les décisions du Bureau ayant été validées par le Conseil.

Toutes les décisions adoptées par le Conseil ou le Bureau au cours de leurs réunions, virtuelles ou présentielles, sont disponibles séparément sur le site web de l'UICN sous la rubrique correspondant à la réunion lors de laquelle elles ont été adoptées. Voir la [page web](#).

rejette sa demande visant à ce que ce changement de catégorie soit effectif à compter du 1er janvier 2024 ;
3. Approuve la demande de Rainforest Alliance (ING/24984) de changer sa catégorie de Membre d'Organisation non gouvernementale internationale à Affilié.

B/IV – 9 avril 2024 - Conditions d'organisation des réunions du Conseil dans les régions

Décision B/IV

Le Bureau du Conseil de l'UICN,

Soulignant l'importance que le Conseil organise chaque année une réunion présentielle dans les régions,

Décide de modifier les conditions d'organisation des réunions du Conseil en dehors du Centre de la conservation de l'UICN basé en Suisse, définies par la décision B55/4 du Bureau (février 2011) afin que celles-ci soient désormais :

1. Établis par la décision B55/4, les critères de base demeurent :
 - a. une opportunité démontrée d'accroître le profil et l'influence de l'UICN et/ou d'apporter une contribution majeure à l'avancement de l'agenda de la conservation,
 - b. si nécessaire, disposer d'un financement couvrant les coûts supplémentaires éventuels ;
2. Lorsqu'un pays, une organisation ou une institution invite le Conseil à se réunir dans les Régions, l'hôte devra prendre en charge les coûts ne pouvant pas être couverts par le budget approuvé pour une réunion du Conseil organisée au Centre de la conservation de l'UICN, en Suisse ;
3. En l'absence d'hôte, la réunion pourra toujours avoir lieu dans une région, à condition que les coûts puissent être couverts. La Directrice générale est encouragée à s'appuyer sur les bureaux régionaux et leur personnel afin de réduire les coûts des réunions organisées dans les régions.
4. Le Bureau du Conseil de l'UICN prendra la décision d'organiser une réunion dans une région au moins six mois avant cette réunion, en tenant compte des garanties fournies par l'hôte ou par le Secrétariat que les fonds nécessaires seront disponibles pour couvrir tous les coûts prévisibles ;
5. La Directrice générale veillera à ce que le Conseil puisse se réunir au Centre de la conservation de l'UICN à Gland, en Suisse, au cas où la réunion du Conseil prévue dans une région ne puisse plus se tenir dans le lieu convenu en raison de circonstances imprévisibles.

B/V – 9 avril 2024 - Nomination d'un membre du Groupe de travail sur les motions

Décision B/V

Le Bureau du Conseil de l'UICN,

Sur recommandation des Vice-présidents agissant en tant que Comité des candidatures,

Nomme Mme Jessika Woroniak, Canada, en tant que membre du Groupe de travail sur les motions, pourvoyant ainsi le poste vacant à la suite de la démission de M. Baidy Ba.

B/VI – 9 avril 2024 – Nomination d'un membre supplémentaire au Comité directeur de la Commission de l'éducation et de la communication (CEC) de l'UICN

Décision B/VI

Le Bureau du Conseil de l'UICN,

Sur proposition du Président de la Commission de l'éducation et de la communication (CEC),

Nomme M. Jason Pitman au Comité directeur de la CEC en tant que Vice-président régional de la CEC pour l'Océanie.

Sujet: Appel à candidatures pour le poste de Président par intérim et de membre du Comité directeur intérimaire de la Commission de l'UICN sur la crise climatique. Date limite: 28 avril 2022

Chers Membres et membres des Commissions de l'UICN,

Les Membres de l'UICN des catégories A, B et C ainsi que les membres des Commissions de l'UICN sont invités à envoyer les manifestations d'intérêt de personnes intéressées pour les postes de Président par intérim et de membre du Comité directeur intérimaire de la Commission de l'UICN sur la crise climatique. ([WCC-2021-Res-110](#))

Le Conseil de l'UICN examinera les propositions reçues lors de sa réunion de mai 2022, au cours de laquelle il nommera le Président par intérim. Le Président par intérim sélectionnera les candidats à membres du Comité directeur intérimaire en vue de leur nomination par le Conseil à partir de la liste des manifestations d'intérêt reçues dans le cadre de la présente communication.

À l'heure de considérer de possibles candidatures au poste de Président par intérim, les Membres et membres des Commissions de l'UICN sont priés de garder à l'esprit que la personne concernée doit non seulement posséder l'expertise professionnelle requise, mais aussi le temps, la capacité d'engagement personnel et, dans la mesure du possible, le soutien institutionnel qui lui permettront de s'acquitter des tâches exigeantes d'un Président de Commission. Leadership créatif, vision et dynamisme sont autant de qualités importantes pour le poste de Président par intérim, afin que les réseaux bénévoles concernés soient correctement animés et en mesure de contribuer à la mise en œuvre de la Mission de l'Union.

Le Conseil a identifié une série de qualifications pour les postes de Président par intérim et de membre du Comité directeur intérimaire. La liste des critères pour chacun est disponible en annexe 1 et annexe 2.

Nous vous rappelons également l'exigence statutaire selon laquelle les Présidents de Commission doivent provenir de diverses régions et qu'au maximum deux d'entre eux peuvent provenir d'un même État. La liste des Présidents de Commission actuellement en fonction ainsi qu'une indication de leur État d'origine est disponible ci-après.

Le Président par intérim nommé par le Conseil exercera ses fonctions jusqu'à la clôture du Congrès mondial de la nature 2025, date à laquelle le processus d'élection suivra les modalités définies dans les Statuts de l'UICN. De même, les membres du Comité directeur intérimaire seront en fonction de la date de leur nomination jusqu'à la clôture du Congrès de l'UICN 2025, sous réserve des articles 73 et 73bis du Règlement.

Les Membres et membres des Commissions de l'UICN sont invités à transmettre les manifestations d'intérêt de personnes répondant aux critères pertinents à la Présidente de l'UICN, par courrier électronique, à l'adresse : president@iucn.org afin qu'elles lui parviennent **au plus tard le 28 avril 2022 à 13h00 GMT/UTC**.

Nous vous remercions grandement de l'attention que vous voudrez bien porter à cet important aspect de la gouvernance de l'Union.

Cordialement,

**Unité de soutien des Membres et Commissions de l'UICN

Appel à candidatures pour le poste de Président par intérim de la Commission de l'UICN sur la crise climatique

Contexte

En septembre 2021, lors du Congrès mondial de la nature de l'UICN à Marseille, les Membres de l'UICN ont convenu d'initier la création d'une nouvelle Commission de l'UICN sur la crise climatique, chargeant le Conseil de l'UICN de nommer un Président par intérim (PI) et d'établir un Comité directeur intérimaire (CDI) pour la Commission ([WCC-2021-Res-110](#)).

L'objectif de cette nouvelle Commission est de mobiliser et d'assurer la coordination au sein de l'Union, et de collaborer aux efforts des Comités régionaux et nationaux de l'UICN et de la société civile en général pour réduire les émissions de gaz à effet de serre et s'adapter aux changements climatiques, sur la base des meilleures données scientifiques disponibles fournies par le GIEC et en tenant compte des actions et initiatives mises en place par la CCNUCC dans le cadre du Programme d'action mondial pour le climat.

Le Conseil de l'UICN invite les Membres et membres des Commissions de l'UICN à envoyer les manifestations d'intérêt de personnes répondant aux critères détaillés ci-après pour le poste de Président par intérim et/ou de membres du Comité directeur intérimaire avant le 28 avril 2022 à 13h00 UTC.

Le Bureau de l'UICN examinera les candidatures et fera une recommandation au Conseil concernant la nomination du Président par intérim lors de sa 107e réunion, les 18 et 19 mai 2022. L'équité hommes-femmes et la diversité régionale seront être prises en considération lors de l'examen des candidatures.

Le Président par intérim, avec le soutien du Bureau et conformément aux critères définis concernant la composition du CDI, proposera au Conseil les candidats au CDI au plus tard le 30 juin 2022, en tenant compte des manifestations d'intérêt reçues, afin que le Conseil puisse procéder à leur nomination avant le 31 juillet 2022. Le PI et le CDI seront invités à élaborer un projet de Termes de référence pour la Commission d'ici le 15 octobre 2022, pour examen par le Conseil.

Le mandat du PI se terminera à la clôture du prochain Congrès mondial de la nature de l'UICN en 2025.

Les candidats au poste de Président par intérim devront présenter un haut niveau d'intégrité, posséder des qualités de leadership démontrées, une expérience, une expertise et des connaissances en matière de politiques et d'action climatiques et leurs liens avec la crise de biodiversité, une capacité démontrée à inspirer leurs collègues et à mobiliser des ressources, une connaissance pratique de l'UICN, et s'engager à renforcer la cohésion entre les différentes composantes de l'Union et à consacrer un temps substantiel et non rémunéré à ce rôle au cours des trois prochaines années.

Critères pour le poste de Président par intérim

Les candidats au poste de Président par intérim de la Commission sur la crise climatique devront posséder les caractéristiques suivantes :

En général

- a) expérience antérieure en matière de gouvernance ou de Conseil d'administration, de préférence dans une organisation internationale ou une grande organisation régionale
- b) engagement en faveur de la conservation, de l'équité, de la justice et du développement durable
- c) une vision globale de l'Union, et la capacité de contribuer aux orientations stratégiques de l'UICN et à la détermination de ses priorités
- d) connaissances financières
- e) expérience en matière de mobilisation de ressources financières de différentes sources
- f) engagement à participer au Conseil et à l'un de ses comités permanents
- g) capacité de travailler en anglais et, si possible, dans au moins une des autres langues officielles de l'UICN

Plus spécifiquement

- h) expertise documentée, remarquable et largement respectée en matière de science, de politiques, de gouvernance et d'action climatiques et leurs liens avec la biodiversité
- i) bonne connaissance de l'UICN, de ses structures, de ses processus de gouvernance et de ses travaux en cours dans le domaine des changements climatiques
- j) réseau de contacts à travers le monde et compétences éprouvées en matière de réseautage
- k) aptitude à travailler avec de multiples cultures, disciplines, nord-sud
- l) qualités de leadership : capable de donner une vision, un sens de l'orientation et une certaine inspiration
- m) capacité à présider les réunions de manière efficace
- n) compétences éprouvées en matière de planification stratégique et gestion organisationnelle
- o) bon communicateur
- p) capacité de construire et d'obtenir un consensus stratégiquement cohérent et engagement à renforcer la cohésion entre les composantes de l'Union

Conditions

- (i) Être libre de tout conflit d'intérêt ;
- (ii) Exercer la fonction à titre personnel et non en qualité de représentant d'un État, d'une organisation Membre ou d'un groupe d'intérêt ;
- (iii) Disposer du temps nécessaire pour l'accomplissement complet des tâches de Président par intérim de la Commission jusqu'au prochain Congrès mondial de la nature en 2025 ;

Souhaitable

- (i) Appui institutionnel ou de l'employeur
- (ii) Expérience en matière de réseaux régionaux et/ou internationaux
- (iii) Participation préalable à l'UICN

Les manifestations d'intérêt devront être envoyées à la Présidente de l'UICN president@iucn.org avant le 28 avril 2022, et devront inclure :

1. la réponse du candidat aux critères spécifiés ci-dessus
2. un CV à jour
3. une déclaration de tout intérêt pertinent (pour la gestion des conflits d'intérêts (potentiels))
4. la confirmation de l'engagement du candidat à consacrer le temps nécessaire à l'exercice effectif de la fonction de Président de Commission pour les trois prochaines années.
5. au moins deux lettres de support de Membres de l'UICN de différentes régions de l'UICN
6. Un document, de 5 pages maximum, présentant la vision du candidat pour la Commission et son point de vue sur la manière dont la Commission, une fois établie, pourrait apporter une valeur ajoutée à l'UICN sans dupliquer les efforts.

Appel à candidatures pour être membre du Comité directeur intérimaire de la Commission de l'UICN sur la crise climatique

Contexte

En septembre 2021, lors du Congrès mondial de la nature de l'UICN à Marseille, les Membres de l'UICN ont convenu d'initier la création d'une nouvelle Commission de l'UICN sur la crise climatique, chargeant le Conseil de l'UICN de nommer un Président par intérim (PI) et d'établir un Comité directeur intérimaire (CDI) pour la Commission ([WCC-2021-Res-110](#)).

L'objectif de cette nouvelle Commission est de mobiliser et d'assurer la coordination au sein de l'Union, et de collaborer aux efforts des Comités régionaux et nationaux de l'UICN et de la société civile en général pour réduire les émissions de gaz à effet de serre et s'adapter aux changements climatiques, sur la base des meilleures données scientifiques disponibles fournies par le GIEC et en tenant compte des actions et initiatives mises en place par la CCNUCC dans le cadre du Programme d'action mondial pour le climat.

Le Conseil de l'UICN invite les Membres et membres des Commissions de l'UICN à envoyer les manifestations d'intérêt de personnes répondant aux critères ci-après pour le poste de membre du Comité directeur intérimaire avant le 28 avril 2022 à 13h00 UTC.

Une fois nommé, le Président par intérim proposera au Conseil, avec le soutien du Bureau et conformément aux critères définis pour la composition du CDI, les candidats au poste de membre du CDI au plus tard le 30 juin 2022, en tenant compte des manifestations d'intérêt reçues, afin que le Conseil puisse procéder à leur nomination avant le 31 juillet 2022. Les manifestations d'intérêt reçues dans le cadre de cet appel seront mises à la disposition du Président par intérim, qui les examinera en vue de préparer une liste de candidats au CDI pour le Conseil.

Le PI et le CDI seront invités à élaborer un projet de Termes de référence pour la Commission d'ici le 15 octobre 2022, pour examen par le Conseil.

Le mandat des membres du CDI se terminera à la clôture du prochain Congrès mondial de la nature de l'UICN en 2025, sous réserve des articles 73 et 73*bis* du Règlement.

Critères

Les candidats souhaitant être considérés comme membres du Comité directeur intérimaire de la Commission sur la crise climatique devront posséder les qualités suivantes :

- Qualification technique et, en particulier, connaissances nécessaires et expertise documentée en matière de science, politiques et action climatiques, y compris les questions relatives à l'atténuation, à l'adaptation et à un développement climatiquement résilient, ainsi qu'au rôle des solutions fondées sur la nature dans ces domaines.

Facteurs additionnels que le Président par intérim et le Conseil prendront en compte lors du processus de sélection :

- Diversité des points de vue
- Représentation géographique

- Équité hommes-femmes et inclusion des voix essentielles des peuples autochtones et de la jeunesse.

Les manifestations d'intérêt devront être envoyées à la Présidente de l'UICN president@iucn.org avant le 28 avril 2022, et devront inclure :

1. la réponse du candidat aux critères spécifiés ci-dessus
2. un CV à jour
3. une déclaration de tout intérêt pertinent (pour la gestion des conflits d'intérêts (potentiels))
4. confirmation de l'engagement du candidat à consacrer le temps nécessaire à son rôle au sein du Comité directeur intérimaire

Groupe de travail intersessions du Conseil sur le développement d'une nouvelle Vision stratégique à 20 ans

Termes de référence

(Projet recommandé par le Bureau pour approbation par le Conseil)

Aperçu de la gouvernance du « Projet de stratégie »

Le Congrès mondial de la nature de l'UICN 2021 a demandé au Conseil de « *mettre en place de façon prioritaire un Groupe de travail intersessions du Conseil (ci-après dénommé le « Groupe de travail ») incluant des Membres de l'UICN pour diriger, en collaboration avec le Directeur général* », le développement d'une « *vision stratégique intégrée à long terme (20 ans) comprenant une Stratégie financière, un Plan stratégique et autres plans de mise en œuvre, au besoin* » et de la soumettre « *au vote des Membres avant la fin du prochain Congrès mondial de la Nature* » ([Décision 147 du Congrès 2021](#)).

Le Groupe de travail, qui comprendra le Bureau du Conseil de l'UICN, le Directeur général et 8 à 10 personnes proposées par les Membres de l'UICN et nommées par le Conseil de l'UICN, fournira des orientations et une direction générales au Projet de stratégie et approuvera le projet final de Vision Stratégique, qui sera soumis au prochain Congrès, en 2025, pour discussion et adoption.

Aux termes de la [Décision C107/16 du Conseil](#), les personnes nommées, ainsi que le Bureau, constitueront conjointement le Comité directeur du « Projet de stratégie », tandis que le Directeur général agira en tant que « Responsable de projet ». Le Comité directeur veillera à ce que les produits générés par le projet répondent aux orientations et à la direction générales fournies par la décision 147 du Congrès 2021, dans les délais impartis pour le processus d'élaboration et de consultation de la Vision stratégique à 20 ans approuvé par le Conseil de l'UICN ([Décision C107/16 du Conseil](#)). Le Comité directeur se réunira périodiquement, en fonction des décisions qui lui seront demandées.

Composition du Groupe de travail intersessions du Conseil

Le Groupe de travail sera composé de :

1. les dix membres du [Bureau du Conseil de l'UICN](#) ;
2. le Directeur général ; et
3. huit à dix personnes nommées par le Conseil de l'UICN sur la base des candidatures¹ reçues des Membres de l'UICN, en tenant compte des critères suivants :
 - a. rôle de leadership au sein de l'institution ou organisation Membre, y compris une expérience en matière de stratégie organisationnelle et financière ;
 - b. expérience auprès de l'UICN, en particulier en ce qui concerne sa gouvernance ;
 - c. engagement à agir à titre personnel et non en tant que représentant de son gouvernement ou organisation et à allouer le temps nécessaire pour participer activement au Groupe de travail ;
 - d. équilibre global en termes de régions, de sexes, d'âge et de types d'expériences organisationnelles, en tenant compte, en particulier, de la participation des jeunes et des peuples autochtones.

¹ Les candidatures seront signées et envoyées par courrier électronique par une personne occupant un poste de direction au sein de l'organisation ou institution Membre de l'UICN (président du conseil d'administration, directeur général ou équivalent) autre que la personne candidate, et devront être envoyées à la Présidente de l'UICN (president@iucn.org).

L'appel à candidatures devra inclure ce qui suit : « *Les Membres de l'UICN sont encouragés, en particulier, à présenter les candidatures de jeunes professionnels qualifiés. En plus de compétences en matière de gouvernance, le Conseil de l'UICN recherche des personnes possédant un intérêt et une expertise en matière de gouvernance, de financements innovants, de tendances et technologies futures et de planification stratégique* ».

Fonctions du Groupe de travail

1. Fournir des orientations et une direction générales pour le Projet de stratégie, en tenant compte de :
 - a. la [Décision 147 du Congrès 2021](#)
 - b. la [Décision C107/16 du Conseil \(mai 2022\)](#) approuvant un calendrier pour l'élaboration et un processus de consultation de tous les Membres de l'UICN sur la Vision stratégique à 20 ans ;
 - c. le cas échéant, le projet de Termes de référence pour l'élaboration de la Vision stratégique proposé par le Conseil précédent en annexe de la Motion J du Congrès (cf. [Décision 147 du Congrès 2021 et Annexe à la Motion J](#)).
2. Se réunir de façon virtuelle entre 5 et 6 fois par an.
3. Fournir des commentaires sur les documents et ébauches élaborés dans le cadre du Projet de stratégie.

Durée

Le Groupe de travail terminera sa tâche au moment où il approuvera le projet final de Vision stratégique, qui sera soumis au prochain Congrès, en 2025, pour discussion et adoption (prévu pour le premier trimestre de 2025).

Cependant, il pourra être demandé à ses membres de rester disponibles pour des fonctions liées à la discussion de la Vision stratégique lors du prochain Congrès mondial de la nature de l'UICN, qui se tiendra en 2025.

IUCN Climate Crisis Commission Work Plan 2023-2024

(Approved by the IUCN Council, decision C/VII, 9 March 2023)

1- Introduction

The resolution (WCC-2020-Res-044-EN) defines that the '*The Climate Crisis Commission*' **aim is to mobilize and coordinate the Union and engaging with Regional and National IUCN Committees and broader civil society efforts to reduce greenhouse gas emissions and adapt to climate change based on the best available science coming from the IPCC and taking into account the actions and initiatives that are developed in the UNFCCC through the Global Climate Action Agenda.** It mentions that “**transformative change for a system-wide reduction of greenhouse gas emissions is necessary.**”

Based on this, the Climate Crisis Commission vision is ***a world in which global warming is limited to 1.5 degrees above pre-industrial levels and society is adapting to manage climate risks in ways that enhance socio-ecological resilience, are Nature Positive, and promote just outcomes for all.***

For this, it must lead and support implementation of solutions proposed by all forms of science with a main focus on just decarbonization, synergies between climate and biodiversity, and addressing vulnerable nature and human sectors. To realize this vision, the Climate Crisis Commission must help consolidate IUCN's extensive climate-related policy as articulated through Congress resolutions, connect with existing efforts and synergies and build new ones, promote productive and constructive partnerships and leverage IUCN's convening power. Actions guided by principles including equity, social and climate justice, ecosystem integrity, environmental safeguards and a rights based approach, will be essential for rapid and sustainable transformations. It will also be important to engage all sectors in society, working with women and youth as key parts of the equation. It will also be important that new Commission's work recognizes the sustainable nature conservation practices of Indigenous Peoples, respects, protects and uphold their rights including to their lands, territories and resources, and ensures the application of Free Prior and Informed Consent.

In addition to assisting IUCN's engagement with the formal intergovernmental processes addressing the climate and biodiversity crises, the Climate Crisis Commission recognizes the necessarily ambitious transformational change that must now occur; percolate the economic, political, cultural and social dimensions across multiple fronts; and be implemented by different actors at many-levels.

Neither climate nor nature goals will be achieved without fundamental reforms of our financial and economic architecture and a well planned systems transition, shaped through a convergence approach. This will undoubtedly require addressing real concerns such as the credibility and validity of “NetZero” approaches, and the further development of the “Nature Positive” concept and actions.

2- Goal

By 2025, IUCN CCC will have been effective in bringing a more holistic, integrated and just approach to the development and implementation of IUCN climate policy and programs and to IUCN’s engagement with international and regional processes, effectively contributing to the efforts of the world community in limiting warming to below 1.5°C and enabling the necessary adaptation and resilience.

3- Objectives

- Develop and promote holistic policies and guidelines that facilitate the rapid transition away from fossil fuel to clean energy sources, climate and nature convergence and the enabling conditions to effectively address both challenges.
- Through strong collaboration with other Commissions and the Secretariat, promote synergistic policies and approaches with relevant multilateral processes in addition to the UNFCCC and CBD including UNCCD, RAMSAR, CITES, UNEA, SDGs and those related oceans, food and materials management. Help mobilize, coordinate and collaborate with all components of the Union and external partners under a “One Union”, “whole of society approach”, leveraging IUCN convening power and knowledge.
- Promote and implement solutions that advance synergistic climate-biodiversity outcomes, including by integrating science, Indigenous Peoples’ knowledge systems, and local community knowledge in this effort.
- Address the controversies that limit the climate and nature convergence.
- Promote the use of accurate data and appropriate technology to bring solutions to address the climate and nature crises, whilst preventing, warning and limiting its use if it is contrary to climate, nature and sustainability objectives.
- Promote innovative solutions and develop innovative tools/mechanisms, to address the climate and nature crises, through addressing the four climate transitions suggested by IPCC and the 5 key drivers of nature loss identified by IPBES.
- Promote inclusiveness by working with and for local communities, Indigenous Peoples, women and youth.
- Raise public awareness and capacity building under a coherent action plan for an effective impact of the commission's measurements.
- Develop the IUCN Climate Crisis Commission mandate for the IUCN 2025 World Conservation Congress based in the CCC Terms of Reference.
- Secure resources for running the Climate Crisis Commission by developing a strategic plan for resource mobilization.

- Promote science, technology, data and planning for integrated nature and climate strategies, as well as methodologies and indicators to measure progress towards the Commission's climate objectives.

4- Work Plan 2023-2024 objective

Based in an active and tenacious membership, in robust external partnerships, and strongly developing visibility and positioning actions; being recognized as key contributors to addressing the climate and nature crises.

5- Workstreams

5.1. Thematic focus

1. Policy

- Participate in and organize events related to the priorities of the IUCN and CCC; contribute to the development and promotion of evidence-based policies and programs, building upon and critiquing as needed, decisions made in the global multilateral political processes.
- Address contentious topics with rights-based approaches that promote ecosystem integrity;
- Convene dialogues and advocate evidence-based recommendations for the Global Stocktake process that help to raise climate ambition on NDC's and Long Term Strategies, working with IUCN regional and national offices;
- Convene dialogues and advocate recommendations to the Global Goal on Adaptation process that strengthen and prioritize adaptation strategies at the national level that promote justice, ecosystem integrity and resilience.
- Working through collaborations with the Secretariat, regional and national committees, and across Commissions, and building upon multilateral decisions, create the enabling conditions for high quality implementation of Nature based Solutions.
- Work to address the lack of integrity in many carbon offset projects and develop principles and guidelines that will address deficiencies and prioritize the protection and restoration of biodiverse, carbon rich ecosystems
- Document and effectively communicate the role of protecting and restoring ecosystems in contributing to limiting global warming to below 1.5 degrees as part of comprehensive approach to mitigating greenhouse gas emissions.
- Begin development of frameworks for evaluating how the clean energy infrastructure needed for the rapid transition away from fossil fuels can be rolled out in ways that protect nature and be just for all;
- Strongly advocate for the strengthening of Commitments by UNFCCC Parties at COP28 for the rapid phasing out of fossil fuels (oil, coal and gas);

- Develop a high level engagement strategy with key actors at COP28.

2. Solutions and innovative tools

- Explore a strong collaboration between the Climate Action Agenda and the CBD Action Agenda, to develop tools and mechanisms to put nature/nature's role as a key enabler to achieve climate objectives.
- Develop frameworks for supporting the rapid decarbonization of economies and transition away from fossil fuel to clean energy sources in ways that protect nature and promotes social justice.

3. Finance

- Engage and contribute, by submitting recommendations, to the development of the Loss and Damage Fund.
- Support COP2COP multi-stakeholder initiative on resource mobilization which seeks to address the key nature and climate challenge on the reform of the financial architecture: How do we collectively raise ambition on public finance and incentives, which in turn, can catalyze and incentivize private sector investment into the protection, restoration and conservation of intact and existing ecosystems?

4. Technology and data

- Draft position papers on the implications for to the global warming target, and biodiversity and human well-being of certain climate technologies such as carbon dioxide removal (CDR) and bioenergy with carbon capture and storage (BECCS).

4.2. Cross-cutting areas

1. Communications and outreach

- Communicate the vision, mission and narrative of the CCC in support of outreach activities.
- Develop a brief document to communicate the purpose, goals and plans of the Climate Crisis Commission.

2. Partnerships

- Design and develop a strategic plan to identify and develop innovative partnerships that contribute to the CCC strategy and Work Plan, as well as helping position its work in the international climate space.
- Strategically partnering and working, from a “whole of society” and rights based approach with non-state actors, drive implementation through the UNFCCC Global Climate Action Agenda / Marrakech Partnership and the CBD Sharm-EI Sheikh to Kunming and Montreal Action Agenda for Nature and People. These are vehicles to raise ambition, drive implementation and bring coherence between both climate and nature agendas.

3. Flagship projects/products

- Develop a CCC flagship project and product that positions the Commission, conveys the value add of the CCC, supports the decision making process, focuses on the climate and nature convergence and brings solutions that contribute to scaling up, socially just and Nature positive actions (e.g. Climate solutions evaluation framework).

4.3. Internal organization and structure

1. Membership

Identify and convene members under the structure and Work Plan of the Commission, guided by principles of inclusion, including youth and Indigenous Peoples, gender, geographic balance, and intergenerational balance.

2. Resource mobilization

- Secure new resources for the Climate Crisis Commission by developing a strategic plan for resource mobilization.
- Design and develop a flagship project with IUCN Secretariat to elevate and mainstream the CCC work, whilst accessing additional resources.

3. Cross commission collaboration

- Work across Commissions to promote synergies and collaborations.
- Define focal points within the Commission Steering and Working groups and create mechanisms for collaboration.

4. IUCN Intergovernmental Organization (IGO) role at UNFCCC

- Leverage IUCN's IGO role at UNFCCC process to strengthen the organization and CCC's advocacy, increase our influence and visibility, and improve our position as a trusted, knowledgeable, solutions-oriented and progressive thinking peak global organization in the ongoing climate deliberations.

5- Organizing the work

While the IUCN CCC Steering Committee organizes the dedicated teams for each Workstream and appoints the regional vice chairs, the Steering Committee members will play a "working team" role to further develop and implement the actions proposed in this Work Plan.

IUCN dues groups for IUCN Members in Category A	9

Introduction

IUCN is a unique organisation – a democratic membership Union – composed of over 1,500 Members, some 18,000 scientific experts in our thematic Commissions and some 900 staff, who work together in more than 160 countries. By joining IUCN, Members benefit from IUCN's scientific credibility, its unsurpassed knowledge base and convening power, extensive networking opportunities and access to high-level political, economic and social decision making. More information on the benefits of IUCN membership is available [here](#).

The prompt payment of annual membership dues is essential to fund the work of IUCN, supporting the implementation of the Programme and governance of the Union, the facilitation of global networking and communications, and the sharing of knowledge and expertise.

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year.

This Dues Guide provides information on the calculation and structure of dues for IUCN Members.

This Membership Dues Guide was approved by electronic vote of Members on 10 February 2021 ([WCC 2020 Dec 152](#))¹ and ~~formally updated as a consequence of the inclusion of subnational governments in IUCN membership at the World Conservation Congress ([WCC 2020 Dec 152](#)). The Membership Dues Guide was subsequently revised with a new methodology for the Membership dues of venue-based organisations in Category B and C (subject to Member vote in November 2023). No other changes have been made to the content of this Guide, which was initially approved by IUCN Council at its 98th meeting in February 2020 and published with official Congress documents.~~

¹ Council, at its 100th meeting in September 2020, had approved this revised version of the Guide. They clarified that following the postponement of the 2020 Congress to 2021, the Guide would apply for membership dues as from 2022, and that the 2017-2020 Membership Dues guide would remain applicable for the 2021 membership dues, to enable the Secretariat to timely invoice IUCN Members before 1 January 2021

Applicability of the Guide

This Membership Dues Guide is applicable for membership dues as from 2022 and will remain in force until a revised Guide is adopted by the next World Conservation Congress.

[The amendment related to the calculation of the membership dues for venue-based organisations is effective from 6 December 2023 \(to be confirmed\) which is the close of the electronic vote at which the amendment was adopted.](#)

Categories of membership

Membership of IUCN is divided into four categories, as defined in Articles 4 and 5 of the [IUCN Statutes](#).

Category A: States, government agencies and Subnational governments;
Political and/or economic integration organisations;

Category B: National non-governmental organisations;
International non-governmental organisations;

Category C: Indigenous peoples' organisations; and

Category D: Affiliates.

For each category, there is a corresponding dues scale. It is one of the functions of the IUCN World Conservation Congress to determine the dues of Members of IUCN (Article 20 (f) of the IUCN Statutes). More information on the calculation and structure of IUCN membership dues can be found in the sections below.

At the 2000 Congress (Amman), Members requested the IUCN Council to review the calculation of membership dues, linking them to a recognized published inflation index instead of the pre-defined percentage increase used since the 17th Session of the General Assembly (San José, 1988).

In Bangkok, in 2004, the Members' Assembly approved Council's proposal to use the [Swiss Consumer Price Index](#)² (CPI), published annually by the Swiss Federal Statistical Office to index the membership dues, from 2006 onwards. No adjustments to the dues are made when the index is negative.

Membership dues

Category A: States, government agencies, subnational governments, and political and/or economic integration organisations

As per Regulation 22³ of the IUCN Statutes, the "Scale of assessments for the apportionment of the expenses of the United Nations" is used as a basis to establish the membership dues groups for States, government agencies, subnational governments and political and/or economic integration organisations. The repartition of UN assessment percentages within the IUCN dues groups (Table 1) is decided by the IUCN Council, while the definition of the dues amounts (Tables 2, 3 and 4) is a Congress decision.

The latest "[UN scale of assessments for the period 2019-2021](#)"⁴ was published on 4 January 2019. Consequently, the IUCN Dues Guide has been updated to reflect the 2019–2021 UN Scale of assessments and it is valid from 2022.

²<https://www.bfs.admin.ch/bfs/en/home/statistics/prices/consumer-price-index.html>

³ Regulation 22 of the IUCN Statutes: "Dues for Members in Category A shall be established by the World Conservation Congress and be calculated for the period until the next World Congress on the basis of the latest available percentage assessed for States concerned in the budget of the United Nations. The Council may establish groups for the setting of dues...".

⁴ <https://undocs.org/en/A/RES/73/271>

In the calculation of membership dues for States, government agencies, subnational governments and political and/or economic integration organisations, IUCN does not apply the UN assessment percentages directly. Rather, IUCN has elaborated its own sliding scale to form the IUCN dues groups/levels by grouping the different countries according to their percentage contributions to the UN budget. Approved by the 2000 IUCN World Conservation Congress (Amman), the present scale of percentage grouping, used to determine the IUCN Category A membership dues scale of 11 groups, ranging from “0” to 10, is shown in Table 1.

Table 1: IUCN sliding scale of State, government agency, subnational government and political and/or economic integration organisation Members and corresponding UN assessment percentages

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁵.

Category A: Government agencies and subnational governments

For a government agency and a subnational government, the dues group is the same as that of its State.

Government agencies are divided into two groups, A and B:

Group A: government agencies of a State where the State IS a Member of IUCN

Group B: government agencies of a State where the State IS NOT a Member of IUCN.

Dues for government agencies in Groups A and B are shown in Tables 3 and/or 4 respectively. Subnational governments dues are shown in Table 3.

⁵ Decision from the Members' Assembly in 2004 (refer to page 2 for more information)

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁶.

Membership dues for a government agency where the State IS a Member of IUCN are 3% of those of the State rate, except for government agencies of Groups "0" to 3 who pay the rate based on Group 4⁷. For the appropriate dues group of your agency please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

The membership dues for subnational governments are governed by the scale for "Government agencies where the State is a Member of IUCN", irrespective of whether the State is a Member or not.

Government agencies – Group B:

Table 4: Government agencies where the State is not a Member of IUCN – Group B

Group	0	1	2	3	4	5	6	7	8	9	10

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁵.

In a country where the State IS NOT a Member of IUCN, the government agency pays 25% of the amount of dues payable by the State if it were a Member, except for Group "0" for which the rate of dues is the same as in Group 1⁶. For the appropriate dues group of your agency, please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category A: Political and/or economic integration organisations

The amount of dues payable by political and/or economic integration organisations is the average amount obtained by adding up the dues payable by each of its State components, as if they were Members of IUCN, and dividing it by the number of States constituting the organisation concerned. Please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category B: National and international non-governmental organisations, and Category C: Indigenous peoples' organisations

Dues for national and international non-governmental organisations and indigenous peoples' organisations, shown in Table 5, were established according to Regulation 23⁸.

The dues scale for national and international non-governmental organisations and indigenous peoples' organisations comprise ten different dues groups.

- A lower group was set for lower indigenous peoples' organisations and smaller civil societies.
- Membership dues for national and international non-governmental organisations and indigenous peoples' organisations are calculated on the basis of the organisation's total expenditure (in US Dollars). **This is defined as all expenditure of the organisation during the year. Total expenditure includes expenditure funded by project restricted income and any other funding source. It also includes grants to third parties, interests and taxes. Total expenditure should agree with the organisation's audited financial statements, or, in the absence of a formal audit, the financial statements approved by the organisation's board or trustees⁹.**

⁷ Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica

⁸ Regulation 23: "Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council"

⁹ This sentence was amended in October 2022 to clarify the definition of "total expenditure" for Members and applicants

- Membership dues for national and international non-governmental organisations which can be considered as venue-based organisations¹⁰ are calculated on the basis of the organization's conservation activities expenditure (instead of the total expenditure of the organisation). Specifically, expenditure on conservation activities is defined as:
- a. what the Member reports as conservation expenditure in their audited accounts, or
 - b. in the case of universities, the total expenditure of the faculty that carries out conservation-related research, or
 - c. if the Member is neither a university or its conservation expenditure is not included in their audited accounts, the Member must self-report its expenditure, which IUCN reserves the right to verify, on the following activities:
 - i. Direct Conservation Action (field work, species recovery, veterinary care, conservation assurance populations);
 - ii. Conservation research both inside and outside the institution;
 - iii. Field conservation education (awareness-building, education, training, capacity building);
 - iv. Conservation advocacy; and
 - v. Conservation fundraising and direct grants.
 - vi. In addition, and recognizing that a fundamental IUCN Admission criteria for new Members is "the objectives and track record of the applicant embody to a substantial extent the conservation of the integrity and diversity of nature," the minimum for self-reported conservation expenditure is 25% of total expenditure.

Applicant and Member organisations are requested to provide appropriate financial information including their latest annual audited financial statements together with a declaration of total expenditure or conservation expenditure for venue-based organisations. This will enable the IUCN Secretariat to determine the dues group an organisation should be in. If the organisation is not required to have a statutory audit, the latest annual financial statements approved by the Board or governing body can be provided.

Re-assessment of membership dues

Every four years, after the IUCN World Conservation Congress, the Secretariat undertakes a re-assessment of the dues groups for Members in Category B and C. In 2021, after the approval of the Dues Guide at the Congress, each Member will be required to submit to the Secretariat, a declaration of total expenditure for the last three years, together with their annual audited financial statements for those three years. This information will be used by the Secretariat to calculate the average total expenditure for that period and to determine their dues group for the next quadrennial or until a new Dues Guide is approved by Members. This exercise will be completed on time for the 2022 invoicing in November 2021.

If a Member does not submit the information required, the Secretariat will use the latest financial statements available from public sources to determine the level of total expenditure of the Member. Failing that, the organisation will be reclassified into the dues group immediately above the one it is currently in.

¹⁰ Venue-based organizations are defined as those organisations which are characterised by major physical infrastructures that represent their primary annual expenditure. These venues serve large groups of members, users or visitors. The venue-based organization must be one of the following:

- A university,
- An aquarium or zoo (for the purpose of keeping land or sea animals within enclosures for public viewing and conservation purposes),
- A botanical garden (for the purpose of having a documented collection of living plants for research, conservation, display and/or education),
- A museum (for the purpose of displaying a collection of artifacts of artistic, cultural, historical, or scientific importance), or

Payment of dues

When do dues become payable?

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year, i.e. dues for 2022 should be received no later than 1 January 2022; dues for 2023 should be received no later than 1 January 2023, etc.

IUCN membership does not expire unless the IUCN Member is withdrawn or expelled from IUCN as detailed in Article 13 of the [IUCN Statutes](#), or unless the IUCN Member withdraws voluntarily by providing IUCN with written notification of its intention to withdraw its membership. Members withdrawing from the Union must ensure that all outstanding membership dues have been paid, up to and including the year of the notification of withdrawal.

With regards to withdrawal from the Union in relation to non-payment of membership dues, according to Article 13 (a) of the IUCN Statutes, *“The rights of a Member in connection with elections, voting and motions shall ipso facto be suspended when the dues of that Member are one year in arrears.*

If the dues of a Member are two years in arrears, the matter shall be referred to the World Congress¹⁴ which may rescind all the remaining rights of the Member concerned. Such rescission shall be on such terms as the World Congress may determine”;

and 13 (b) *“If, one year after the decision of the World Congress to rescind the remaining rights of a Member, the Member in question has not paid its arrears owed up until such rescission, that Member shall be deemed to have withdrawn from IUCN”.*

How can dues be paid?

Members

Dues shall be paid in Swiss Francs (CHF) or any other freely convertible currency. In countries where IUCN is represented by a Regional, Country or Project Office, payment of dues may be made to the IUCN Office in local currency, as per Regulation 25 of IUCN Statutes¹⁵.

¹¹ Government agencies, subnational governments, Political and/or economic integration organizations and national & international non-governmental organizations can apply as Affiliates.

¹² Regulation 23: *“Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council”.*

¹³ Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica.

¹⁴ Decision may be made during the World Conservation Congress or by electronic vote in-between Congresses.

¹⁵ Regulation 25 of IUCN Statutes: *“Dues shall be paid in Swiss francs or any other freely convertible currency according to the scales established by the World Congress, unless the Director General has agreed with the Member in question that payment in local currency or provision of facilities, goods and services in lieu of dues may be accepted because this will release for use by IUCN a sum equivalent to the assessed dues of the Member in question”.*

For payments which are not made in CHF, Members are requested to use the same daily exchange rates as IUCN: <http://www.oanda.com/currency/live-exchange-rates/>, which will help to avoid major exchange rate differences when the payment is processed in IUCN accounts. Any exchange rate loss/gain or other difference in payment will be adjusted in the Member's next year's invoice.

In the case of outstanding dues from previous years, payments received will be first used to offset arrears before being allocated to the current year's dues. If amounts paid are higher than what is due, the extra amount will be credited to the next year's dues.

For payments by bank transfer, Members will bear all bank charges. Invoice number, Member ID and relevant contact details must be quoted when making payments. Secretariat/Membership Focal Points should be informed if the payment is made to the Regional Office directly or through a third party to help with the follow-up of payments.

For payments by credit card, membership dues of amounts up to 5,000 CHF can be settled by credit card* via the Member profile page on the [Union Portal](#)¹⁶. Only Visa and MasterCard payments are accepted. Transaction charges for credit card payments will be borne by IUCN.

Payment receipts can be downloaded from the individual Member organisational pages on the [Union Portal](#) (within a few weeks of receipt of funds by IUCN Headquarters).

Applicant Member organisations

A deposit equivalent to the entire current year of membership is payable at the time of submitting a membership application. However, once the new Member has been admitted, the membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following admission. If the balance is then positive, it will be credited to the following year. If an application for IUCN membership is rejected, the deposit will be reimbursed less any administrative costs that may apply.

Adhesion of States

In accordance to Article 6 of the IUCN Statutes "*States or political and/or economic integration organisations shall become Members of IUCN by notifying the Director General of their adhesion to these Statutes, effective upon payment of the first year's membership dues.*", the payment equivalent to the first year of membership is payable at the time of submitting the letter of adhesion. The membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following receipt of the letter of adhesion and payment of dues.

Proposal for the revision of the Membership Dues Guide for venue-based organisations

Action Requested:

IUCN Members are invited to CONSIDER and ADOPT the proposed amendments to the IUCN Membership Dues Guide submitted by the IUCN Council to an electronic ballot under Article 94 of IUCN Statutes and Regulation 94 pursuant to IUCN Members Decision WCC 2020 Dec 125. (Annex 1)

DRAFT MOTION

The IUCN Members,

Voting by electronic means at the invitation of the IUCN Council pursuant to IUCN Members Decision WCC 2020 Dec 125, point 2 a),

Adopt, with immediate effect, the amendments to the IUCN Membership Dues Guide attached hereafter as Annex 1, according to Article 20(f) of IUCN Statutes.

EXPLANATORY MEMORANDUM

Members' mandate

In 2022, IUCN introduced a new methodology for calculating the Membership dues of national and international non-governmental organisations (see current Membership Dues Guide). Their dues are now calculated on the basis of the organisation's total expenditure as approved by IUCN Members by electronic vote of Members on 10 February 2021([WCC 2020 Dec 152](#)). The WCC decision also mandated the 2021-2025 Council to continue its work on dues for venue-based organisations and submit a proposal for IUCN Members to vote on before the 2025 Congress.

Please also note that the WCC decision also requested Council to work on and present for a vote before the Congress: "the issue of the value of membership and Members facing difficult financial situations and not being able to pay their dues." Council is working on this matter and in the meantime any Members facing financial difficulties is encouraged to contact their [Regional Member Focal Point or the Membership Unit at IUCN Headquarters](#) to explore payment plans and paying in instalments. Council also recognizes that Membership dues and the value of IUCN membership pose a broader set of issues affecting other IUCN Members beyond venue-based organisations. The

Governance and Constituency Committee of Council will continue its work to propose a holistic Membership strategy and a revised Membership Dues Guide for adoption at the next Congress in 2025 (see Council decision C109/14 from [the May 2023 Council meeting](#)).

What are venue-based organisations?

Venue-based organisations¹ are characterised by major physical infrastructures that represent their primary annual expenditure. These venues serve large groups of members, users or visitors. The venue-based organisation must be one of the following:

- A university²,
- An aquarium or zoo (for the purpose of keeping land or sea animals within enclosures for public viewing and conservation purposes),
- A botanical garden (for the purpose of having a documented collection of living plants for research, conservation, display and/or education),
- A museum (for the purpose of displaying a collection of artifacts of artistic, cultural, historical, or scientific importance), or
- A sport organization³.

Rationale for the proposed revisions

Venue-based organisations with a major physical infrastructure have a high level of expenditure related to non-conservation activities and therefore their membership dues are disproportionately higher than those of Members whose expenditure predominantly relates to conservation activities.

Following concerns raised by some IUCN Members that the new dues methodology and dues reassessment had resulted in significant increases of dues for venue-based organisations, the IUCN Council established the Council Working Group on Membership dues (the “Working Group”) and tasked them with finding a solution for venue-based organisations.

Based on the work of the former and current Dues Task Forces, the Working Group proposed two options for consideration:

1. Dues based on expenditure on conservation activities only, or
2. A cap on dues.

The background paper discussed during the 9th Governance and Constituency Committee meeting, and the 109th Council meeting, providing considerations on the issue of the dues for venue-based organisations, is available [here](#).

¹ Translation: French: les organisations qui entretiennent de grandes infrastructures; Spanish: organizaciones que mantienen gran infraestructura.

² IUCN Regulation 5b contains a detailed definition of universities as: Any duly accredited university, similar institution of higher learning, specialized centre or research institute, organized within a State, seeking admission to this Category shall: (i) be a notfor-profit entity which conforms with the law of the State where its seat is located; (ii) have been in existence for at least three years; (iii) be an academic or professional entity of high standing; and (iv) be autonomous in administration and governance.

³ To qualify as a venue-based organisation, the Member must have both a major physical infrastructure and one of the primary purposes listed in the bullet points. For example, while the purpose of a ramblers’ association is the sport of hiking, if it does not have a major physical infrastructure it does not qualify as a venue-based organisation.

Council recommendation

At its [109th meeting](#) in May 2023, following recommendation from its Governance and Constituency Committee, the IUCN Council approved the proposal for “Dues based on conservation activities only” for venue-based organizations as defined in Council Decision C109/14⁴.

The proposed membership dues are included and explained in the proposed amendments to the Membership Dues Guide attached herewith as [Annex 1](#).

⁴ The text of the Council decision at its 109th meeting in May 2023:

Decision C109/14
The IUCN Council,

On the recommendation of the Governance and Constituency Committee (GCC) which had considered the proposal for membership dues of venue-based organisations presented by Council’s Working Group on Membership Dues (Dues WG),

Taking into account the mandate given to the 2021–2024 Council by IUCN Members in paragraph 2.a of the decision adopted by electronic vote in February 2021:

1. Recognizes that the proposal to modify the Membership dues for venue-based organisations by taking into account the venue-based organisation’s expenditure on conservation activities and not their total expenditure is the best option to pursue and that the question of the government agencies needs further work;
2. Requests the GCC in coordination with Finance and Audit Committee and the Secretariat, to prepare and submit to Council for approval by email correspondence, draft amendments of the Membership Dues Guide approved by IUCN Members in February 2021 related to venue-based organisations and the timeline for submission to the electronic ballot of IUCN Members in accordance with Regulation 94;
3. *recognizing* that Membership dues and the value of IUCN membership pose a broader set of issues affecting other IUCN Members beyond venue-based organisations, requests the GCC to continue its work and propose a holistic Membership strategy and a revised Membership Dues Guide for adoption at the next Congress.

Timeline for the electronic vote on the amendments to the 2022-24 Dues Guide

- Electronic discussion opens for Members to submit comments: 9 August 2023 and closes on 19 September 2023
- First formal notice of the electronic ballot issued: 27 September 2023
- Second formal notice of the electronic ballot issued: 18 October 2023

IUCN dues groups for IUCN Members in Category A	9

Introduction

IUCN is a unique organisation – a democratic membership Union – composed of over 1,500 Members, some 18,000 scientific experts in our thematic Commissions and some 900 staff, who work together in more than 160 countries. By joining IUCN, Members benefit from IUCN's scientific credibility, its unsurpassed knowledge base and convening power, extensive networking opportunities and access to high-level political, economic and social decision making. More information on the benefits of IUCN membership is available [here](#).

The prompt payment of annual membership dues is essential to fund the work of IUCN, supporting the implementation of the Programme and governance of the Union, the facilitation of global networking and communications, and the sharing of knowledge and expertise.

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year.

This Dues Guide provides information on the calculation and structure of dues for IUCN Members.

This Membership Dues Guide was approved by electronic vote of Members on 10 February 2021 (WCC 2020 Dec 152)¹ and formally updated as a consequence of the inclusion of subnational governments in IUCN membership at the World Conservation Congress (WCC 2020 Dec 152). The Membership Dues Guide was subsequently revised with a new methodology for the Membership dues of venue-based organisations in Category B and C (subject to Member vote in November 2023). No other changes have been made to the content of this Guide, which was initially approved by IUCN Council at its 98th meeting in February 2020 and published with official Congress documents.

¹ Council, at its 100th meeting in September 2020, had approved this revised version of the Guide. They clarified that following the postponement of the 2020 Congress to 2021, the Guide would apply for membership dues as from 2022, and that the 2017-2020 Membership Dues guide would remain applicable for the 2021 membership dues, to enable the Secretariat to timely invoice IUCN Members before 1 January 2021

Applicability of the Guide

This Membership Dues Guide is applicable for membership dues as from 2022 and will remain in force until a revised Guide is adopted by the next World Conservation Congress.

[The amendment related to the calculation of the membership dues for venue-based organisations is effective from 6 December 2023 \(to be confirmed\) which is the close of the electronic vote at which the amendment was adopted.](#)

Categories of membership

Membership of IUCN is divided into four categories, as defined in Articles 4 and 5 of the [IUCN Statutes](#).

Category A: States, government agencies and Subnational governments;
Political and/or economic integration organisations;

Category B: National non-governmental organisations;
International non-governmental organisations;

Category C: Indigenous peoples' organisations; and

Category D: Affiliates.

For each category, there is a corresponding dues scale. It is one of the functions of the IUCN World Conservation Congress to determine the dues of Members of IUCN (Article 20 (f) of the IUCN Statutes).

More information on the calculation and structure of IUCN membership dues can be found in the sections below.

At the 2000 Congress (Amman), Members requested the IUCN Council to review the calculation of membership dues, linking them to a recognized published inflation index instead of the pre-defined percentage increase used since the 17th Session of the General Assembly (San José, 1988).

In Bangkok, in 2004, the Members' Assembly approved Council's proposal to use the [Swiss Consumer Price Index](#)² (CPI), published annually by the Swiss Federal Statistical Office to index the membership dues, from 2006 onwards. No adjustments to the dues are made when the index is negative.

Membership dues

Category A: States, government agencies, subnational governments, and political and/or economic integration organisations

As per Regulation 22³ of the IUCN Statutes, the "Scale of assessments for the apportionment of the expenses of the United Nations" is used as a basis to establish the membership dues groups for States, government agencies, subnational governments and political and/or economic integration organisations. The repartition of UN assessment percentages within the IUCN dues groups (Table 1) is decided by the IUCN Council, while the definition of the dues amounts (Tables 2, 3 and 4) is a Congress decision.

The latest "[UN scale of assessments for the period 2019-2021](#)"⁴ was published on 4 January 2019. Consequently, the IUCN Dues Guide has been updated to reflect the 2019–2021 UN Scale of assessments and it is valid from 2022.

²<https://www.bfs.admin.ch/bfs/en/home/statistics/prices/consumer-price-index.html>

³ Regulation 22 of the IUCN Statutes: "Dues for Members in Category A shall be established by the World Conservation Congress and be calculated for the period until the next World Congress on the basis of the latest available percentage assessed for States concerned in the budget of the United Nations. The Council may establish groups for the setting of dues...".

⁴ <https://undocs.org/en/A/RES/73/271>

In the calculation of membership dues for States, government agencies, subnational governments and political and/or economic integration organisations, IUCN does not apply the UN assessment percentages directly. Rather, IUCN has elaborated its own sliding scale to form the IUCN dues groups/levels by grouping the different countries according to their percentage contributions to the UN budget. Approved by the 2000 IUCN World Conservation Congress (Amman), the present scale of percentage grouping, used to determine the IUCN Category A membership dues scale of 11 groups, ranging from “0” to 10, is shown in Table 1.

Table 1: IUCN sliding scale of State, government agency, subnational government and political and/or economic integration organisation Members and corresponding UN assessment percentages

The membership dues scales for States (Table 2), Government agencies (Tables 3 & 4) and Subnational governments (Table 3), comprise 11 groups. For the composition of the 11 dues groups, please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category A: States

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁵.

Category A: Government agencies and subnational governments

For a government agency and a subnational government, the dues group is the same as that of its State.

Government agencies are divided into two groups, A and B:

Group A: government agencies of a State where the State IS a Member of IUCN

Group B: government agencies of a State where the State IS NOT a Member of IUCN.

Dues for government agencies in Groups A and B are shown in Tables 3 and/or 4 respectively. Subnational governments dues are shown in Table 3.

⁵ Decision from the Members' Assembly in 2004 (refer to page 2 for more information)

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁶.

Membership dues for a government agency where the State IS a Member of IUCN are 3% of those of the State rate, except for government agencies of Groups "0" to 3 who pay the rate based on Group 4⁷. For the appropriate dues group of your agency please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

The membership dues for subnational governments are governed by the scale for "Government agencies where the State is a Member of IUCN", irrespective of whether the State is a Member or not.

Government agencies – Group B:

Table 4: Government agencies where the State is not a Member of IUCN – Group B

Group	0	1	2	3	4	5	6	7	8	9	10
	3,890	3,890	7,790	12,880	19,750	29,620	45,320	61,920	73,820	99,070	123,830

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%)⁵.

In a country where the State IS NOT a Member of IUCN, the government agency pays 25% of the amount of dues payable by the State if it were a Member, except for Group "0" for which the rate of dues is the same as in Group 1⁶. For the appropriate dues group of your agency, please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category A: Political and/or economic integration organisations

The amount of dues payable by political and/or economic integration organisations is the average amount obtained by adding up the dues payable by each of its State components, as if they were Members of IUCN, and dividing it by the number of States constituting the organisation concerned. Please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category B: National and international non-governmental organisations, and Category C: Indigenous peoples' organisations

Dues for national and international non-governmental organisations and indigenous peoples' organisations, shown in Table 5, were established according to Regulation 23⁸.

The dues scale for national and international non-governmental organisations and indigenous peoples' organisations comprise ten different dues groups.

- A lower group was set for lower indigenous peoples' organisations and smaller civil societies.
- Membership dues for national and international non-governmental organisations and indigenous peoples' organisations are calculated on the basis of the organisation's total expenditure (in US Dollars). **This is defined as all expenditure of the organisation during the year. Total expenditure includes expenditure funded by project restricted income and any other funding source. It also includes grants to third parties, interests and taxes. Total expenditure should agree with the organisation's audited financial statements, or, in the absence of a formal audit, the financial statements approved by the organisation's board or trustees⁹.**

⁶ Decision from the Members' Assembly in 2004 (refer to page 2 for more information)

⁷ Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica

⁸ Regulation 23: "Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council"

⁹ This sentence was amended in October 2022 to clarify the definition of "total expenditure" for Members and applicants

- Membership dues for national and international non-governmental organisations which can be considered as venue-based organisations¹⁰ are calculated on the basis of the organization's conservation activities expenditure (instead of the total expenditure of the organisation). Specifically, expenditure on conservation activities is defined as:
- a. what the Member reports as conservation expenditure in their audited accounts, or
 - b. in the case of universities, the total expenditure of the faculty that carries out conservation-related research, or
 - c. if the Member is neither a university or its conservation expenditure is not included in their audited accounts, the Member must self-report its expenditure, which IUCN reserves the right to verify, on the following activities:
 - i. Direct Conservation Action (field work, species recovery, veterinary care, conservation assurance populations);
 - ii. Conservation research both inside and outside the institution;
 - iii. Field conservation education (awareness-building, education, training, capacity building);
 - iv. Conservation advocacy; and
 - v. Conservation fundraising and direct grants.
 - vi. In addition, and recognizing that a fundamental IUCN Admission criteria for new Members is "the objectives and track record of the applicant embody to a substantial extent the conservation of the integrity and diversity of nature," the minimum for self-reported conservation expenditure is 25% of total expenditure.

Applicant and Member organisations are requested to provide appropriate financial information including their latest annual audited financial statements together with a declaration of total expenditure or conservation expenditure for venue-based organisations. This will enable the IUCN Secretariat to determine the dues group an organisation should be in. If the organisation is not required to have a statutory audit, the latest annual financial statements approved by the Board or governing body can be provided.

Re-assessment of membership dues

Every four years, after the IUCN World Conservation Congress, the Secretariat undertakes a re-assessment of the dues groups for Members in Category B and C. In 2021, after the approval of the Dues Guide at the Congress, each Member will be required to submit to the Secretariat, a declaration of total expenditure for the last three years, together with their annual audited financial statements for those three years. This information will be used by the Secretariat to calculate the average total expenditure for that period and to determine their dues group for the next quadrennial or until a new Dues Guide is approved by Members. This exercise will be completed on time for the 2022 invoicing in November 2021.

If a Member does not submit the information required, the Secretariat will use the latest financial statements available from public sources to determine the level of total expenditure of the Member. Failing that, the organisation will be reclassified into the dues group immediately above the one it is currently in.

¹⁰ Venue-based organizations are defined as those organisations which are characterised by major physical infrastructures that represent their primary annual expenditure. These venues serve large groups of members, users or visitors. The venue-based organization must be one of the following:

- A university.
- An aquarium or zoo (for the purpose of keeping land or sea animals within enclosures for public viewing and conservation purposes).
- A botanical garden (for the purpose of having a documented collection of living plants for research, conservation, display and/or education).
- A museum (for the purpose of displaying a collection of artifacts of artistic, cultural, historical, or scientific importance), or
- A sport organization.

Category D: Affiliates¹¹

Dues for Affiliate Members, shown in Table 6, were established according to Regulation 23¹²⁻¹³.

All Affiliate Members pay the same rate as indicated below. Affiliate Members do not have the right to vote, nominate candidates or submit Motions to the World Conservation Congress (Article 12 (b) of the IUCN Statutes).

Payment of dues

When do dues become payable?

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year, i.e. dues for 2022 should be received no later than 1 January 2022; dues for 2023 should be received no later than 1 January 2023, etc.

IUCN membership does not expire unless the IUCN Member is withdrawn or expelled from IUCN as detailed in Article 13 of the [IUCN Statutes](#), or unless the IUCN Member withdraws voluntarily by providing IUCN with written notification of its intention to withdraw its membership. Members withdrawing from the Union must ensure that all outstanding membership dues have been paid, up to and including the year of the notification of withdrawal.

With regards to withdrawal from the Union in relation to non-payment of membership dues, according to Article 13 (a) of the IUCN Statutes, *“The rights of a Member in connection with elections, voting and motions shall ipso facto be suspended when the dues of that Member are one year in arrears.*

If the dues of a Member are two years in arrears, the matter shall be referred to the World Congress¹⁴ which may rescind all the remaining rights of the Member concerned. Such rescission shall be on such terms as the World Congress may determine”;

and 13 (b) *“If, one year after the decision of the World Congress to rescind the remaining rights of a Member, the Member in question has not paid its arrears owed up until such rescission, that Member shall be deemed to have withdrawn from IUCN”.*

How can dues be paid?

Members

Dues shall be paid in Swiss Francs (CHF) or any other freely convertible currency. In countries where IUCN is represented by a Regional, Country or Project Office, payment of dues may be made to the IUCN Office in local currency, as per Regulation 25 of IUCN Statutes¹⁵.

¹¹ Government agencies, subnational governments, Political and/or economic integration organizations and national & international non-governmental organizations can apply as Affiliates.

¹² Regulation 23: *“Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council”.*

¹³ Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica.

¹⁴ Decision may be made during the World Conservation Congress or by electronic vote in-between Congresses.

¹⁵ Regulation 25 of IUCN Statutes: *“Dues shall be paid in Swiss francs or any other freely convertible currency according to the scales established by the World Congress, unless the Director General has agreed with the Member in question that payment in local currency or provision of facilities, goods and services in lieu of dues may be accepted because this will release for use by IUCN a sum equivalent to the assessed dues of the Member in question”.*

For payments which are not made in CHF, Members are requested to use the same daily exchange rates as IUCN: <http://www.oanda.com/currency/live-exchange-rates/>, which will help to avoid major exchange rate differences when the payment is processed in IUCN accounts. Any exchange rate loss/gain or other difference in payment will be adjusted in the Member's next year's invoice.

In the case of outstanding dues from previous years, payments received will be first used to offset arrears before being allocated to the current year's dues. If amounts paid are higher than what is due, the extra amount will be credited to the next year's dues.

For payments by bank transfer, Members will bear all bank charges. Invoice number, Member ID and relevant contact details must be quoted when making payments. Secretariat/Membership Focal Points should be informed if the payment is made to the Regional Office directly or through a third party to help with the follow-up of payments.

For payments by credit card, membership dues of amounts up to 5,000 CHF can be settled by credit card* via the Member profile page on the [Union Portal](#)¹⁶. Only Visa and MasterCard payments are accepted. Transaction charges for credit card payments will be borne by IUCN.

Payment receipts can be downloaded from the individual Member organisational pages on the [Union Portal](#) (within a few weeks of receipt of funds by IUCN Headquarters).

Applicant Member organisations

A deposit equivalent to the entire current year of membership is payable at the time of submitting a membership application. However, once the new Member has been admitted, the membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following admission. If the balance is then positive, it will be credited to the following year. If an application for IUCN membership is rejected, the deposit will be reimbursed less any administrative costs that may apply.

Adhesion of States

In accordance to Article 6 of the IUCN Statutes "*States or political and/or economic integration organisations shall become Members of IUCN by notifying the Director General of their adhesion to these Statutes, effective upon payment of the first year's membership dues.*", the payment equivalent to the first year of membership is payable at the time of submitting the letter of adhesion. The membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following receipt of the letter of adhesion and payment of dues.

Proposal for the revision of the Membership Dues Guide for venue-based organisations

Action Requested:

IUCN Members are invited to CONSIDER and ADOPT the proposed amendments to the IUCN Membership Dues Guide submitted by the IUCN Council to an electronic ballot under Article 94 of IUCN Statutes and Regulation 94 pursuant to IUCN Members Decision WCC 2020 Dec 125. (Annex 1)

DRAFT MOTION

The IUCN Members,

Voting by electronic means at the invitation of the IUCN Council pursuant to IUCN Members Decision WCC 2020 Dec 125, point 2 a),

Adopt, with immediate effect, the amendments to the IUCN Membership Dues Guide attached hereafter as Annex 1, according to Article 20(f) of IUCN Statutes.

EXPLANATORY MEMORANDUM

Members' mandate

In 2022, IUCN introduced a new methodology for calculating the Membership dues of national and international non-governmental organisations (see current Membership Dues Guide). Their dues are now calculated on the basis of the organisation's total expenditure as approved by IUCN Members by electronic vote of Members on 10 February 2021([WCC 2020 Dec 152](#)). The WCC decision also mandated the 2021-2025 Council to continue its work on dues for venue-based organisations and submit a proposal for IUCN Members to vote on before the 2025 Congress.

Please also note that the WCC decision also requested Council to work on and present for a vote before the Congress: "the issue of the value of membership and Members facing difficult financial situations and not being able to pay their dues." Council is working on this matter and in the meantime any Members facing financial difficulties is encouraged to contact their [Regional Member Focal Point or the Membership Unit at IUCN Headquarters](#) to explore payment plans and paying in instalments. Council also recognizes that Membership dues and the value of IUCN membership pose a broader set of issues affecting other IUCN Members beyond venue-based organisations. The

Governance and Constituency Committee of Council will continue its work to propose a holistic Membership strategy and a revised Membership Dues Guide for adoption at the next Congress in 2025 (see Council decision C109/14 from [the May 2023 Council meeting](#)).

What are venue-based organisations?

Venue-based organisations¹ are characterised by major physical infrastructures that represent their primary annual expenditure. These venues serve large groups of members, users or visitors. The venue-based organisation must be one of the following:

- A university²,
- An aquarium or zoo (for the purpose of keeping land or sea animals within enclosures for public viewing and conservation purposes),
- A botanical garden (for the purpose of having a documented collection of living plants for research, conservation, display and/or education),
- A museum (for the purpose of displaying a collection of artifacts of artistic, cultural, historical, or scientific importance), or
- A sport organization³.

Rationale for the proposed revisions

Venue-based organisations with a major physical infrastructure have a high level of expenditure related to non-conservation activities and therefore their membership dues are disproportionately higher than those of Members whose expenditure predominantly relates to conservation activities.

Following concerns raised by some IUCN Members that the new dues methodology and dues reassessment had resulted in significant increases of dues for venue-based organisations, the IUCN Council established the Council Working Group on Membership dues (the “Working Group”) and tasked them with finding a solution for venue-based organisations.

Based on the work of the former and current Dues Task Forces, the Working Group proposed two options for consideration:

1. Dues based on expenditure on conservation activities only, or
2. A cap on dues.

The background paper discussed during the 9th Governance and Constituency Committee meeting, and the 109th Council meeting, providing considerations on the issue of the dues for venue-based organisations, is available [here](#).

¹ Translation: French: les organisations qui entretiennent de grandes infrastructures; Spanish: organizaciones que mantienen gran infraestructura.

² IUCN Regulation 5b contains a detailed definition of universities as: Any duly accredited university, similar institution of higher learning, specialized centre or research institute, organized within a State, seeking admission to this Category shall: (i) be a notfor-profit entity which conforms with the law of the State where its seat is located; (ii) have been in existence for at least three years; (iii) be an academic or professional entity of high standing; and (iv) be autonomous in administration and governance.

³ To qualify as a venue-based organisation, the Member must have both a major physical infrastructure and one of the primary purposes listed in the bullet points. For example, while the purpose of a ramblers’ association is the sport of hiking, if it does not have a major physical infrastructure it does not qualify as a venue-based organisation.

Council recommendation

At its [109th meeting](#) in May 2023, following recommendation from its Governance and Constituency Committee, the IUCN Council approved the proposal for “Dues based on conservation activities only” for venue-based organizations as defined in Council Decision C109/14⁴.

The proposed membership dues are included and explained in the proposed amendments to the Membership Dues Guide attached herewith as [Annex 1](#).

⁴ The text of the Council decision at its 109th meeting in May 2023:

Decision C109/14
The IUCN Council,

On the recommendation of the Governance and Constituency Committee (GCC) which had considered the proposal for membership dues of venue-based organisations presented by Council’s Working Group on Membership Dues (Dues WG),

Taking into account the mandate given to the 2021–2024 Council by IUCN Members in paragraph 2.a of the decision adopted by electronic vote in February 2021:

1. Recognizes that the proposal to modify the Membership dues for venue-based organisations by taking into account the venue-based organisation’s expenditure on conservation activities and not their total expenditure is the best option to pursue and that the question of the government agencies needs further work;
2. Requests the GCC in coordination with Finance and Audit Committee and the Secretariat, to prepare and submit to Council for approval by email correspondence, draft amendments of the Membership Dues Guide approved by IUCN Members in February 2021 related to venue-based organisations and the timeline for submission to the electronic ballot of IUCN Members in accordance with Regulation 94;
3. *recognizing* that Membership dues and the value of IUCN membership pose a broader set of issues affecting other IUCN Members beyond venue-based organisations, requests the GCC to continue its work and propose a holistic Membership strategy and a revised Membership Dues Guide for adoption at the next Congress.

Timeline for the electronic vote on the amendments to the 2022-24 Dues Guide

- Electronic discussion opens for Members to submit comments: 9 August 2023 and closes on 19 September 2023
- First formal notice of the electronic ballot issued: 27 September 2023
- Second formal notice of the electronic ballot issued: 18 October 2023
- Opening of Member e-vote: 22 November 2023
- Closing of Member vote: 6 December 2023
- Publication of vote results on Union Portal: 20 December 2023
