

### IUCN Website

### What is CMS?

- The website serves as the official public platform for IUCN, therefore all content is carefully moderated.

- The IUCN's sole official platform for managing membership across all seven Commissions.

- The *Expert Commissions* webpages are specially designed to provide information about IUCN Commissions, Commission group directories, major events, projects, awards, publications, articles, announcements and reports.

- Those interested in applying for Commission membership should formally register and submit an application through the CMS.

- Allows users to easily edit and update their profile information.

### What is IUCN Engage?

### What is Union Portal?

- Virtual Community to communicate, collaborate, host and join events.
- Promotes active participation and collaboration among Commission members and across various thematic groups within the Commissions.

- Web-based, password-protected system to search for and obtain information on Councillors, Members, National and Regional Committees, Commissions and the Secretariat.

**IUCN ENGAGE**

**UNION PORTAL**

- Dedicated space for all IUCN constituents, including Members, Commissions, and the Secretariat.

- Can be utilized as a private or public repository by the IUCN constituent units.
