

IMPAC4 Regional Seas/ EU Overseas/ Islands Events

<i>Date / Time</i>	<i>Title</i>	<i>Location</i>
Tuesday 5		
5/09 10:00 – 11:00	Presentation of the Palimma research program, maritime cultural heritage at the heart of the establishment of a MPA, a process managed with the local communities.	Salon Valle
5/09 11:00 – 11:30	Stakes and challenges of a very large-scale MPA: the case of the French Southern Lands	Ocean Pavilion
5/09 11:30 – 13:00	Long term trends in 3D structural complexity of shallow coral reefs within the Chagos Archipelago MPA.	Salon Valle
5/09 11:30 – 13:00	Kerguelen Islands MPA (Southern Ocean) as a sentinel of the effects of climate change in the sub-Antarctic region. The submarine monitoring program PROTEKER.	Salon Valle
5/09 13:00 – 14:00	International Coral Reefs Initiatives (ICRI): Coral Reefs and Climate Change, the Great Challenge	Ocean Pavilion
5/09 14:00 – 15:00	Why are coral reefs at risk?	Ovo Beach
5/09 14:00 – 15:00	Towards a transatlantic partnership of Marine Protected Areas (MPAs)	Salon Bahia 2
5/09 14:00 – 16:00	Increasing ecosystem and society resilience to climate change through MPA management: sharing a concrete experience from the Pacific.	Salon Arena
5/09 14:00 – 16:00	UK MPA partnerships and the Overseas Territories Blue Belt.	Salon Arena
5/09 15:00 – 16:00	Building a Learning Network Gathering Marine and Coastal Protected Areas Managers from the Regional Seas of the EU	Ovo Beach
5/09 16:30 – 17:30	Essential ecosystems: protections against climate change	Salon Bahia 3
5/09 16:30 – 17:30	The automated detection of marine megafauna: remote monitoring in vast and isolated spaces.	Salon Bahia 2
5/09 16:30 – 18:30	The French Southern Lands Nature Reserve, the science-based management model of a very large MPA.	Sala Sol
5/09 17:30 – 18:30	Participatory approaches to support adaptive coastal management: from theory to practice (in the Indo-Pacific context, but not exclusively)	Ovo Beach
5/09 19:00 – 21:30	Special Evening MPA and Youth - Launching of the Polynesian Educative Marine Managed Areas networks	Evening event - Rotonde

Wednesday 6

6/09 10:00 – 11:00	DEEP SEA MPAs: moving ON through the dark (Portugal).	Salon Valle
6/09 10:00 – 11:00	Coastal and Underwater Educational Trails in the Pacific Biodiversity Blue Belt (EU BEST project).	Salon Arena
6/09 11:30 – 13:00	Sharing our methodologies, experiences and vision to improve the educational managed marine area tool box	Salon Bahia 2
6/09 11:30 – 13:00	Workshop: power of working at regional scale and connecting people	Terrace
6/09 13:00 – 14:00	MPAS, Local Communities, Family Scale Aquaculture, a New Slow Fish Challenge for the Caribe	
6/09 14:00 – 15:00	Enhancing South-South cooperation towards global marine protected areas targets in South America and the Caribbean	Terrace
6/09 14:00 – 16:00	Common languages for conservation strengthen: restructuring of coastal Azorean and Macaronesian MPA networks based on existing habitat classification schemes.	Sala Sol
6/09 14:00 – 16:00	Building « hybrid » MPAs considering traditional and conventional practices in a changing world: the case of rahui in French Polynesia.	Salon Valle
6/09 14:00 – 16:00	The implementation of a Shark Sanctuary and continued conservation management activities on a small island Caribbean state in the Dutch Caribbean.	Salon Arena
6/09 14:00 – 16:00	Spain being a world reference in marine conservation: from 1% to more than 10%, managing 300 MPAs .	Salon Arena
6/09 15:00 – 16:00	Rowing In The Same Direction: A Polynesian Network of Marine Sanctuaries.	Salon Bahia 3
6/09 15:00 – 16:00	Educational managed marine areas, toward a global network?	Ovo Beach
6/09 15:30 – 16:00	Trans-Atlantic, an Ocean-scale MPA Network	Ocean Pavilion
6/09 16:30 – 18:30	How Educational Marine Managed Area (EMMA) extend from Marquesas Islands to a global network? An EMMA is an eco-friendly concept born in the Marquesas Islands of French Polynesia in 2013.	Salon Arena
6/09 17:30 – 18:00	Improving the integrated management of coastal ecosystems requires collaboration between various stakeholders among private and public sectors.	Ovo Beach
6/09 17:30 – 18:30	Mapping MPAs	
6/09 19:00 – 21:30	Special Evening Large MPA - Big Ocean	Evening Event - Rotonde

Thursday 7

7/09 10:00-10:30	The Antarctic Peninsula –Spectacularly Beautiful and Under Threat	Ocean Pavilion
7/09 10:00-11:00	Marine Reserves in Fisheries Adaptation to Climate Change in Spain	Salon Arena
7/09 10:00-11:00	Social Sciences and Marine Protected Areas: Lessons to be learned from the Canary Islands' experience.	Salon Valle
7/09 11:00-11:30	South West Indian Ocean Seamounts Conservation: from Science to Policy	Ocean Pavilion
7/09 11:30-13:00	Large-scale MPAs – Success stories and learning for the way forward.	Terrace
7/09 11:30-13:00	Governance challenges in the creation of large scale marine reserves: lessons from the South Atlantic.	Sala Sol
7/09 12:00-12:30	Calling for MPA Networks	
7/09 14:00-15:00	A Tool for Prioritizing Capacity Building Needs for Effective MPA Management Emma Doyle. Caribbean region (especially The Bahamas, the Turks & Caicos Islands, the British Virgin Islands, the Netherlands Caribbean, Saint Lucia, Saint Vincent)	Ovo Beach
7/09 14:30-15:00	Conserving biodiversity in European Overseas Territories: the BEST Initiative	Ocean Pavilion
7/09 15:00-15:30	MSP: a Dialogue between Regional Seas Conventions	Ocean Pavilion
7/09 16:30-18:30	EO4wildlife : a platform for marine wildlife monitoring for large and remote MPAs.	Salon Valle
7/09 16:30-18:30	Innovative financial mechanisms for ecosystem services management: Pacific insights from the RESCCUE project. Towards sustainable financing of multi-use coastal area management: sharing experience from Moorea, French Polynesia.	Salon Arena
7/09 17:30 – 18:30	UNESCO World Heritage-listed Coral Reefs. Is it too late?	
7/09 19:00 – 21:30	Special Evening MPA Networks, their Adding Value - IMPANA: Toward a Global Network of MPA	Evening Event - Terrace

Friday 8

8/09 10:00-11:00	Regional approach for enhancing the national capacity to implement cross-sectoral marine spatial planning and marine protected areas.	Salon Bahia 1
8/09 10:00-11:00	The relativity of time and concepts translations, between local communities and global entities in French Polynesia.	Salon Valle
8/09 11:00-11:30	MPA Networks and Climate Change	Ocean Pavilion
8/09 11:30-13:00	The IUCN World Heritage Outlook tracking progress of marine World Heritage sites towards reaching global targets.	Terrace
8/09 14:00-15:00	Antarctic Marine Protected Areas (MPAs).	Salon Bahia 1
8/09 14:00-15:00	Strengthen regional cooperation for the conservation of marine mammals within the Caribbean Region and beyond.	Sala Sol
8/09 15:30-16:00	Spain: from 1% to more than 10%, managing 300 MPAs
