B. Overview of Previous Sessions

• CAP-1

  o Overview of Kiwa Initiative Local Projects Component
    • Grants Call, eligible entities/organizations, projects that can/cannot be funded
    • The specific objective of this funding is to improve access to very small to medium-sized funding targeting nature-based solutions for climate change adaptation in the Pacific while mainstreaming gender equality and a human-rights-based approach.

  o Concept Note Template
    • Applicant Detail, Logical Framework, Budget, ESMS
    • How will your project employ nature-based solutions to achieve climate change adaptation including specific benefits to biodiversity, climate adaptation and human well-being
The project should

✓ Be implemented in one or more of the Kiwa Initiative eligible PICTs.

✓ Align with the Kiwa Initiative’s investment priorities.

✓ Apply NbS to climate change adaptation, including through biodiversity conservation, sustainable development, and sustainable use of ecosystem services.

✓ Deliver more than research-based outcomes alone – research can be funded if it is accompanied by clear and tangible on ground follow-up actions, delivered within the project term.

✓ Comply with the Environment Social Management System (ESMS) standards and principals of the local projects component of the Kiwa Initiative.

✓ Include objectives and activities that are realistic, achievable and cost efficient within the proposed project term and budget.

✓ Be in accordance with Anti-Money Laundering /Combating the Financing of Terrorism (AML-CFT) requirements.
