Membership form

There are three types of membership in the regional network:

- The general membership is only intended for the businesses of the region whatever the sector of activity and the countries of intervention.
- The sponsorship membership is intended for non-governmental and civil society organizations that are active in the region and working in the field of biodiversity conservation.
- Associate membership is for non-governmental organizations and businesses that are active in other parts of the continent (Eastern, Southern and Northern Africa).

What are your motivations for joining this network?

1. Be an example for other businesses
2. Obtain and/or share conservation-related information
3. Have local or international recognition
4. Participate in capacity building events
5. Contribute to the conservation of nature
6. Publicize/share conservation activities
7. Establish contacts
8. Other
