A. SUMMARY MINUTES OF THE 73rd BUREAU MEETING (with Annex A and 1-2)
PRESENT: see Annex A attached hereafter

AGENDA ITEM 1. President’s opening remarks and approval of the agenda [Bureau document B/73/1]

The draft agenda was approved with a slightly revised running order in order to tackle the issues on which the Chair of WCEL had wanted to intervene before he had to leave for the meeting of the Chairs of the IUCN Commissions in the afternoon. Agenda Item 5.4 would include the further development of Council working groups, Council focal persons and task forces beyond those already established by the Programme and Policy Committee, as well as financial and other support to Council members for their activities in the regions (as follow-up from the 71st Bureau meeting and taking into account the link with the proposed IUCN Budget 2018).

BUREAU DECISION B/73/3

The Bureau of the IUCN Council, adopts the agenda of its 73rd Meeting. (Annex 1)

AGENDA ITEM 2. Status of the follow-up to the outcomes of Council and Bureau meetings held in 2017 [Bureau document B/73/2]

Luc De Wever, Secretary to Council highlighted the points in the “Progress Tracker” requiring attention from the Bureau and/or the 93rd Council meeting, in particular:

- Point 17: the need to finalize/approve the minutes of the 71st Bureau meeting and make them available to Council;
- Point 30: the version of Council Handbook presented in Council document C/93/8 showed the amendments already approved by the Bureau as well as those presented to the present meeting of the Bureau. In order to avoid that we continue to operate in a vacuum (the 2003 Handbook outdated and the revised Handbook not being approved yet), he suggested that Council approve the Handbook with these amendments and that further work continued on the remaining issues (e.g. the Performance Tools);
- Point 34: in the same way, continued reflection on the issues raised at the 69th Bureau meeting with regard to IUCN’s World Heritage Panel should in his view not stand in the way of approval of the Council Handbook without the particular section that is still under review.

The Chair of WCEL explained that he intended to propose additional members from India and China for his Commission’s steering committee once consultations with candidates would be concluded.

Bureau members appreciated the Progress Tracker as an excellent tool to keep track of outstanding issues and follow the logic of work / decision processes. A Bureau member expressed support for Council approval of the Handbook with the amendments already approved by the Bureau after which work should continue on the remaining issues, bearing in mind that the Council Handbook is an instrument that anyway should be adapted on a continuous basis.

Following a number of amendments, the Bureau approved the summary minutes of the 71st and 72nd Bureau meetings (held on, respectively, 29-30 August and 8 November 2017).

AGENDA ITEM 3. Process for the appointment of the IUCN Treasurer

Based on the draft minutes of the 72nd Bureau meeting (remote meeting of 8 November 2017), the Bureau refined the criteria to guide selection committee for the Treasurer by amending the profile of the IUCN Treasurer which was approved by the Council in May 2015 for the purpose of attaching it to the call for nominations, as follows:

- the criteria should differentiate between “must have” and “desirably have” with the latter making the difference in case of candidates that meet all the absolute requirements. The Bureau re-organized section 2 “Qualifications” accordingly;
- while the Treasurer will be recruited from outside the Council and is a position with specific responsibilities, the Treasurer must be committed to the statutory role and duties of a member of the IUCN Council;
- candidates must bring financial experience from large entities, be they international intergovernmental or non-governmental organizations, or large financial corporations, governments or big donors, at senior / strategic policy levels such as CEO;
- because IUCN is a membership organization and not only donor driven, familiarity with the multicultural aspects and complexities of large entities at regional / national level is desirable;
- familiarity with Swiss financial practices is desirable, aided by the Secretariat on technical aspects of Swiss law and policies, as well as excellent communication and interpersonal skills as the Treasurer is expected to work with all components of the Union;
The Secretary of Council was requested to summarize sections 1, 2, 5 and 6 which merely constitute background information.

The Bureau discussed the selection process as follows:
- The profile of the IUCN Treasurer has been modified by the Bureau for the purpose of guiding the process of filling the present vacancy of the Treasurer and, once endorsed by the Council, will be attached to the global call for nominations to be issued by the Director General;
- having consulted the Vice-Presidents and the Chairs of standing committees of Council, the President suggested that a small search or selection committee be established composed of the President (Chair), the Chair of FAC, the Vice-President who's a member of the FAC, and the Acting Treasurer or the Councillor from Switzerland, which will be requested to bring a shortlist to Council. The Bureau agreed to include both the Acting Treasurer and the Councillor from Switzerland;
- A head hunter would only be engaged as a last resort, if the process did not produce qualified candidates;
- The Bureau confirmed what had been said during the 72nd Bureau meeting about ensuring good governance and agreed to request PricewaterhouseCoopers to pay special attention, as part of the regular annual audit, to the financial state at the time Patrick de Heney (former Treasurer) left IUCN (September 2017);
- The search committee will present a shortlist to the Bureau which would make a recommendation to the Council.
- In a first stage, the search committee will encourage Council members to come forward with names and if this does not generate an adequate response, it will request the DG to issue a global call to the membership.

The Bureau approved the following decision and decided to submit it for endorsement by the Council at its 93rd meeting following past practice when the Bureau took decisions immediately prior to a Council meeting. Bureau members suggested that the Bureau working group identifying governance reforms also consider formalizing this approval procedure in the Statutes/Regulations, as well as the lacunae in the process for filling the vacancy of Treasurer.

**BUREAU DECISION B/73/1**

The Bureau of the IUCN Council, **Decides** to establish a Search Committee for the purpose of selecting a Treasurer to fill the vacancy with the following composition: the President (Chair), the Chair of the Finance and Audit Committee, the Vice-President member of the Finance and Audit Committee, the Acting Treasurer and the Councillor from Switzerland; **Requests** the Search Committee to present to Bureau a shortlist of up to three candidates selected following a global search; **Encourages** all Councillors to engage in identifying and encouraging suitable candidates to come forward, and **requests** the Secretariat to provide technical services; **Approves** the Terms of Reference and required qualifications of the Treasurer. *(Annex 2)*

**Agenda Item 4. Follow-up from the 71st Bureau meeting (B71)**

4.1 **Report by the HR Liaison Group on the follow-up work, as required by B71 [Document B/73/4.1 Report of the HR Liaison Group distributed by A. Kaka during the Bureau meeting]**

Ali Kaka, Chair of the HR Liaison Group established by the Bureau (B69) presented a short report.

4.2 **Report by the Chair of the Finance and Audit Committee (FAC) on the follow-up work**

Ayman Rabi, Chair of FAC explained that, in response to the request made by the Bureau (B71), he had distributed the draft financial targets for comments to the Treasurer, Patrick de Heney, the Vice-President member of FAC, Malik Aman Aslam Khan and the CFO, Mike Davis. He had received good inputs from Malik Amin Aslam Khan and Mike Davis but was told by Patrick de Heney that he did not wish to comment as he had not been involved in this exercise. He had therefore finalized the targets based on the inputs received and shared these with the President and with the Acting Treasurer, as follows:

1. No deficit budget planning as of 2018, which has been demonstrated in the proposed Budget 2018.
2. No use of unrestricted reserve to be allowed to cover operational deficits, except in exceptional special circumstances such as e.g. the change process.
3. Reserve levelling to be secured toward the end of 2018 and to ensure its growth of CHF 1 m for the year 2019 and CHF 1 m for the year 2020 in line with the 2017-20 Financial Plan.
4. At least 5 new donors, including framework donors and other unrestricted equivalent, are brought on board per year starting from 2018.
5. To ensure annual growth of overall income by at least 10% per year (restricted and unrestricted together) starting from 2018.
6. To maximize the return from the investment portfolio to the best possible level taking into account the investment risk which is low for IUCN, starting from 2018. A meeting with the investment managers had been scheduled for 21 November to discuss this issue.
7. To update the internal financial control system (IFCS) and to ensure the robustness and security of both IFCS and the IT system by end of this year (2017) taking into account the comments raised by the external auditors.
The Acting Treasurer observed that the Reserves Policy states that the operating surplus/deficit for the year is automatically credited/charged to unrestricted reserves and so, any other guidance on the use of reserves is subject to a revision of the Policy which could be initiated by the FAC. The same applies to the investment portfolio which is guided by the existing policy. He was interested to hear the DG’s views about potential improvements to be made in the internal financial control system as he had understood that a lot of progress had already been made.

During the discussion, the following points were raised:

- the Chair of FAC clarified that he intended to ask the FAC to examine whether the Reserves Policy should be reviewed in order to remove the automatic transfer of deficits to the reserves and instead require a Council decision after examining other options for funding the deficit;
- Bureau members also suggested that the Reserves Policy be reviewed with a view to enable Council to decide in each case whether certain surpluses such as the CHF 1.6 m surplus realized from the 2016 Congress should be accounted for in one particular fiscal year, as happened in 2016, or spread over several years, or whether they should be used for specific purposes such as IUCN membership development;
- the DG emphasized that reserves can’t be used without Council’s approval which comes with the spending authority as part of the approved budget. The 2017 Budget approved by Council in February 2017 provided a deficit which the Secretariat was committed to keep below the approved limit. The purpose of the reserves is to provide a cushion in case the organization faces an unexpected financial challenge, which was precisely the case in 2017, in view of (i) the reduction in framework income and (ii) the planned expenditures associated with the change process. Reserves were built up in 2014 and 2015 and will again be further built in 2018. The DG also reminded Bureau members to communicate carefully about the current situation. She stressed that IUCN was not facing a financial crisis and noted that in one year, the Secretariat (i) had stabilized its income, (ii) received clean audits, (iii) strengthened its internal controls and (iv) enhanced its risk management processes. The Programme portfolio was growing exponentially, but the political reality remains – globally and for all organizations – that unrestricted contributions are declining and will probably continue to do so in the next quadrennial period. The DG stressed, that the stability of IUCN will to a large extent depend on the strategic conversation to be held in Council / Bureau regarding willingness for change and the long term vision of where to take IUCN.

The President appreciated the constructive and productive discussion in the Bureau which was not about pinpointing individuals or components but the expression of a common concern for the long term financial viability of IUCN.

**Agenda Item 5. Preparations for the 93rd Council meeting (C93)**

5.1 **Report of the Bureau to the Council (C93 Agenda Item 2)**

The Bureau agreed that the summary minutes of the Bureau meetings as well as any decisions forwarded to Council for validation either through the no-objection procedure by email, or by requesting Council to endorse the decision(s) taken by the Bureau during a meeting immediately prior to the Council meeting, constitute the report of the Bureau.

5.2 **Council’s Objectives and Priorities 2017-20 (C93 Agenda Item 4.2) [Bureau documents B/73/5.2/1 and B/73/5.2/2]**

Peter Cochrane presented a revised version of the paper on IUCN’s Value Proposition (document B/73/5.2/1) taking into account the comments made at the 71st Bureau meeting and suggested that it be discussed during the Council meeting as it constituted both a follow-up to the 92nd Council meeting and an essential element for inclusion in the IUCN Membership Strategy which was under development.

Peter Cochrane went on to present a note he had prepared (document B/73/5.2/2) for discussion in Council, building on the strategic risks listed in the DG’s report to the 92nd Council meeting and adding his suggestions of how Council might address these risks. The aim of the table was to stimulate discussion on Council’s role in responding to these risks, and to provide a basis for discussion on Council’s strategic priorities for 2017-20. The paper concluded with a set of suggested strategic priorities for Council.

The following points were made during the discussion:

- the type of risk analysis presented in the paper should be at the core of the strategic agenda of the Council;
- mixing financial risk with membership strategy is not a good approach; while it is true that some Members bring in funds, it would diminish the value contributed by many small NGO Members in other than monetary terms, including as custodians of biodiversity and rich ecosystems;
- add another column with possible consequences, high or low, if the risk materializes, which should help to prioritize;
- the DG explained that the Secretariat is professionalizing risk analysis and risk management under the leadership of the new Head of Oversight and, as part of that, the Secretariat’s Leadership Team was receiving training in risk management on 22 November;
- Council needs to indicate which risks it will address while referring others for the Secretariat to manage. Council should also define as concretely as possible the measures it will take to mitigate risks or if certain risks materialize. This should among others lead to the strategic conversation to be held in Council about what type of IUCN we build for the future;
the President reminded of the obligation to set priorities for the current term and encouraged the Bureau to think of risks in terms of opportunities and identify 2 to 3 specific areas in which Council could achieve a real break-through by the time of the 2020 Congress, e.g. identifying IUCN’s ‘niche’, in which IUCN has a unique competitive advantage. The President suggested that, following the discussion in Council, a small working group be set up with the participation of Council members who are not members of the Bureau in order to prepare an in-depth discussion at the next meeting of the Bureau.

5.3 Improving IUCN’s Governance (C93 Agenda Item 4.3) [Bureau document B/73/5.3]

Jennifer Mohamed-Katerere, Chair of the Governance and Constituency Committee (GCC) and of the working group established by the Bureau (B69) to identify areas for improvement of IUCN’s Governance, including amendments to the Statutes, Rules and Regulations, and Antonio Benjamin, co-chair, presented the results of the group. If the Bureau and Council agree with this method of work, the group could develop concrete proposals on a number of issues presented in the document while continuing consultations to complete the list.

During the discussion, the following points were raised:

- the DG suggested to add the issue of National Committees that have legal personality and operate outside their nation state. Such activities do not fall under any real IUCN governance or brand oversight, some of these may undermine IUCN’s credibility as activities are conducted in the name of IUCN and not infrequently assumed to be carried out by IUCN Secretariat. Numerous instances of this issue have arisen over the years, especially impacting IUCN programmes in Asia and Africa. Bureau members strongly seconded this, suggesting that it is a strategic issue which, if left unresolved, potentially affects the entire IUCN, especially if other Committees follow the examples of e.g. the National Committee of The Netherlands and operate as a parallel IUCN;
- Regarding point B.4 of the table, the Chair of the working group clarified that nothing in the working group’s proposals prevented the Programme and Policy Committee (PPC) to propose to Council to appoint the Council’s Global Oceans Focal Person under Regulation 45bis;
- A suggestion was made to move B.6 to Cat. C as it concerned a procedural matter, while C.2 is a governance issue and therefore belongs in Cat. B.
- Reference was made to an article recently published by Simon Stuart et al. (Oryx) whose recommendations concerning the preservation of IUCN’s convening roles merits to be studied by the working group.

The President concluded that the Bureau supported the methodology applied by the working group based on the proposed three categories, and encouraged the group to continue to complete the list of issues and present it to Council. The process is a continuous one: the working group’s elaboration of concrete proposals for Council approval on some of the issues identified does not preclude new issues from being added to the list. Referring to the Paris Agreement and the integration of environmental, social and economic factors, the President encouraged the working group to study ways for IUCN to become more inclusive for important actors e.g. local and regional authorities and the private sector.

5.4 How to engage Councillors more with Council’s work [Document B/73/5.4 “IUCN Councillors Support Concept” by Ali Kaka, distributed during the discussion of agenda item 5.4]

Introducing a note he had prepared following the discussion at the 71st Bureau meeting (August 2017), Vice-President Ali Kaka suggested that a response was required from the Bureau and/or Council to the expectations raised by a number of Council members that some form of logistical and financial support is needed to enable Council members to fully exercise their mandate to maintain contact with IUCN Members in the regions in order to keep them updated on IUCN and Council and bring their concerns to Council. He referred in particular to Councillor Mangal Man Shakya’s comments on the agenda of the 73rd Bureau meeting. Explaining that it would be the first time in IUCN’s history that financial support was provided to Council members, Ali Kaka emphasized that not everyone in Council would need such support, in particular Council members that some form of logistical and financial support is needed to enable Council members to fully exercise their mandate to maintain contact with IUCN Members in the regions in order to keep them updated on IUCN and Council and bring their concerns to Council. He referred in particular to Councillor Mangal Man Shakya’s comments on the agenda of the 73rd Bureau meeting. Explaining that it would be the first time in IUCN’s history that financial support was provided to Council members, Ali Kaka emphasized that not everyone in Council would need such support, in particular Council members who already receive support from their own institutions/organisations. He suggested that his note be forwarded to the FAC to inform its deliberation on the arrangements required to implement the proposal.

The following points were made during the discussion:

- Regular reporting and interaction (reports, newsletters, Skype meetings etc.) between Regional Directors and Regional Councillors as had been happening in some regions could be a good practice. Due to language issues this would not work in all regions. However, Bureau members would welcome some form of standardized process of engagement between Regional Directors and Regional Councillors beyond facilitating Councillors’ participation at regional Members’ meetings. The Director General (DG) said that bigger offices produced regular newsletters and smaller offices which do not have the same capacity, would interact in other ways. She had encouraged all offices to provide annual reports in the language of the region. Besides newsletters and reports, she hoped that many offices were reaching out to Members and Councillors in various other ways, as possible, taking into account the size of the regions concerned in terms of the number of Members.
- Support to Council members’ time and effort could also be considered an investment in income generation.
- The DG found the idea of support to Council members to increase their potential in the regions interesting and worth investigating further. She suggested to study the modalities including conditions, deliverables and reporting requirements in 2018 and think through how to include it in the next budget cycle (2019) as a stretch goal because
there were no unallocated resources available in fiscal year 2018. She did observe, however, that this would be a break with 70 years of tradition and would invariably lead to questions from donors.

- The President encouraged FAC to identify innovative ways to use Council members as an asset in the regions, making use of e.g. the diversity of languages and cultural background to better connect with IUCN Members. He emphasized that financial support should not be the same for each Council member but differentiated according to needs.

The President concluded that there was general agreement in the Bureau about the principle that the IUCN Budget should provide for Council members’ travel cost in support of the discharge of their responsibilities as a Councillor in their region and that the mechanics be worked out by the FAC. The President noted the DG’s remarks concerning the 2018 budget constraints and her advice that the modalities be reviewed in 2018 with a view to their possible implementation from 2019 onwards.

5.5 Discussion on the proposal for a closed-door meeting for elected members of the Council, as requested by some global Councillors

The President referred to the request made to the Bureau by two Regional Councillors to consider convening a closed door meeting of the Council with only the elected members of the Council, i.e. without the Director General (DG). In a conversation with him, the Councillors concerned had clarified that they were looking forward to an informal conversation among Council members without agenda and without a formal record.

The following points were made during the discussion:

- Bureau members generally agreed that closed door sessions or “informal” sessions of the Council should be possible but the purpose and structure should be thought through in order to achieve meaningful results;
- While reminding the Bureau of Article 80 of the Statutes which established the right of the DG to participate in, and speak at, meetings of the Council, the DG recognized that it was the Council’s call whether to convene in camera. It was a matter of trust that components would respect each other’s role. It would therefore be inappropriate to discuss issues affecting the management without first giving the management a chance to report. It was the DG’s understanding that, before she joined IUCN, closed meetings were only held in exceptional circumstances. She encouraged the Bureau to consider all the aspects of the issue, including managing the communication and consequences such as rumours and leaks which may go beyond the staff and reach e.g. the donors.
- Closed door board meetings being part of normal governance practice in the corporate world, also the IUCN Council should schedule informal meetings of the elected members on a regular basis as a standard part of its business and not only in crisis situations. That would reduce the risk of adverse consequences mentioned by the DG.
- The main purpose of closed meetings should be for Council members to talk informally among themselves, at times without agenda, and with better participation and engagement of Council members than was usually the case during the formal Council meetings.
- There should be a clear process for recording and communicating the decisions taken in closed meetings and for reporting to the formal meeting of the Council.

The President concluded that the Bureau supported the request for an informal meeting of the elected Council members. He thanked the DG for speaking openly about her concerns which the Bureau should take into account. While being transparent and working for the same purpose, each component should have the space to play its own role. Informal sessions should be held on a regular basis and considered as an improvement of governance and capacity building.

Agenda Item 6. Appointment of additional members of the steering committee of CEESP [Bureau document B/73/6 rev]

The Bureau considered and approved the additional nominations proposed by Kristen Walker Painemilla, Chair of CEESP that will round out the CEESP steering committee.

**BUREAU DECISION B/73/2**

The Bureau of the IUCN Council, on the recommendation of the Chair of the IUCN Commission on Environmental, Economic and Social Policy (CEESP), appoints the following individuals as members of the steering committee of CEESP, in addition to the appointments made by the Council at its 91st (decision C/91/3) and by email correspondence of the Bureau on 2 October 2017 (decision B/I):

1. Ms. Pasang Dolma Sherpa (Nepal; co-chair Specialist Group on Indigenous Peoples, Customary and Environmental Law and Human Rights - SPICEH);
2. Mr. Kanyinke Sena (Kenya; co-chair Specialist Group on Indigenous Peoples, Customary and Environmental Law and Human Rights - SPICEH);
3. Mr. Aisa Mustafa Hammadeen (Jordan; Regional Vice-Chair West Asia)
4. Mr. Osvaldo Munguía (Honduras; Regional Vice-Chair Meso and South America)
5. Ms. Elise Huffer (Resident Fiji (citizenship in process), French/ American; Regional Vice-Chair Oceania)
Agenda Item 7. Recommendations from the Ethics Committee of the IUCN Council [Bureau document B/73/7]

Malik Amin Aslam Khan, Vice-President, Chair of the Ethics Committee, reported that the Ethics Committee had developed the Conflict of Interest Disclosure Form which council members will be required to sign/submit on an annual basis. He suggested that the Governance and Constituency Committee (GCC) consider merging the Form with the Performance Commitment for Council members, as the Bureau requested at its 71st meeting. When the result of GCC's work will be available, the Form as well as the amendment to the Code of Conduct for Council members can be approved by the Bureau or the Council.

The Bureau agreed to proceed accordingly.

A question of a Bureau member to clarify the scope of the term “business transaction” which seemed to be defined in a very broad manner, was referred to the Ethics Committee, noting that once disclosed, it is up to the Ethics Committee to revert to the council member concerned with advice whether a declared interest constitutes a conflict of interest in terms of the Code of Conduct for Council members. The Chair of the Ethics Committee invited Bureau members to forward to the Ethics Committee any suggestions for improvement of the draft Form.

Agenda Item 8. Follow-up to the request of the 71st Bureau meeting regarding Councillors' access to the Union Portal

Presentation of the Union Portal by the Secretariat and of the Legal Adviser’s note on the rules regarding access to the Portal. Discussion about Council members’ access to the Union Portal with a view to facilitating Council’s.

François Jolles, CIO and Global Director, and his colleague Gabriel Dávila, Union Applications Manager from the Information Systems team as well as Enrique Lahmann, Global Director, Union Development Group gave a presentation on how the Union Portal was structured. Luc De Wever, Secretary to Council explained which Portal areas were reserved for Council and its subsidiary bodies in which all information and documentation of the Council was available, including a new folder with a collection of all the policies and procedures approved by Council since 2008. Reference was made to the note about “Rules regarding access to the Union Portal by Council Members and to information that is protected under applicable law” which the Bureau received from the IUCN Legal Adviser on 16 November 2017.

The following points were made during the discussion:

- Council members need to find in the Union Portal all the information and documentation that it needs in order to fulfill Council’s strategic direction and oversight role, and its fiduciary responsibilities. They should be able to access that material on their own initiative without having to ask the Secretariat in each case;
- while assuring Bureau members that they could facilitate Council members’ access to any and all “groups” in the Portal, the Secretariat team requested Bureau members to be more specific in terms of the content they were looking for in order to be able to help Council members to easily find these materials in the wealth of information and documentation that is spread over hundreds of Portal “groups” (established by Members, Commissions, Secretariat and Council) that were all managing the content of their own space;
- Bureau members requested the Secretary to Council, in consultation with Bureau members, to brainstorm about the concrete content that Council members need to access and subsequently work with the relevant Secretariat team in order to provide Councillors’ access to this content.

The Bureau meeting adjourned at 18:30.
List of attendees present at the
73rd Meeting of the Bureau of the IUCN Council, 18 November 2017

PRESIDENT
• ZHANG Xinsheng (Chair)

VICE-PRESIDENTS
• Malik Amin Aslam Khan
• Ali Kaka

ACTING TREASURER
• Rick Bates

COMMISSION CHAIR
Antonio Herman Benjamin, Chair of the World Commission on Environmental Law (WCEL) (participated remotely)

REGIONAL COUNCILLORS
• Peter Michael Cochrane
• Rustam Sagitov

CHAIRS OF THE STANDING COMMITTEES OF THE IUCN COUNCIL
• Jennifer Mohamed-Katerere, Governance and Constituency Committee (GCC)
• Ayman Rabi, Finance and Audit Committee (FAC)
• Jan Olov Westerberg, Programme and Policy Committee (PPC)

DIRECTOR GENERAL
• Inger Andersen

APOLOGIES
• Sandrine Friedli Cela, IUCN Legal Adviser

OTHERS
Nick Bertrand, Chief of Staff, Director General’s Office
Louise Imbsen, Governance Assistant
Luc De Wever, Senior Governance Manager, Secretary to Council
François Jolles, CIO & Global Director, Information Systems (present for Agenda Item 8)
Enrique Lahmann, Global Director Union Development Group (present for Agenda Item 8)
Gabriel Dávila, Union Applications Manager, Information Systems (present for Agenda Item 8)
### 73rd Meeting of the Bureau of the IUCN Council

Meeting in person in Gland on 18 November 2017 from 9:00 am to 5:00 pm

Present in person: all members of the Bureau except Antonio Benjamin who has requested to participate remotely.

#### Agenda

(Approved by the Bureau)

<tr>
<td>14:00-14:30</td>
<td><strong>Item 7: Recommendations from the Ethics Committee of the IUCN Council</strong>&lt;br&gt;This item was deferred from the 72nd Bureau meeting (8 November 2017). As announced during the 69th Bureau Meeting (May 2017), the Ethics Committee, based on its authority as per the Code of Conduct for IUCN Councillors, has approved a Conflict of Interest Disclosure Form which Council members will be required to sign / submit on an annual basis. The Disclosure form requires an amendment to the Code of Conduct itself to be approved by the Council. The Bureau will be invited to express its support for the amendments. Finally, as requested by the Bureau during its 71st Meeting (August 2017), the Ethics Committee suggests to recognize the disclosure process in the Performance Commitment for IUCN Councillors proposed by the GCC. RESPONSIBILITIES AND QUALIFICATIONS OF THE TREASURER OF IUCN

(73rd Meeting of the Bureau of the IUCN Council, 18 November 2017, decision B/73/1)

Introduction

The Treasurer of IUCN is elected by the World Conservation Congress, based on a nomination by the Council after considering the proposals made by members in Categories A, B and C.

The term of office of the Treasurer extends from the close of the World Conservation Congress at which the Treasurer is elected to the close of the next ordinary session of the Congress, i.e. approximately four years. The Treasurer, as well as any other member of the Council, shall not hold the same office consecutively for more than two full terms. The time served to fill the balance of the term of a Council member following a vacancy occurring in Council, shall not be counted.

The Council may fill a vacancy for Treasurer that may occur, for the balance of the term concerned.

The position of Treasurer of IUCN is a voluntary position.

The responsibilities and qualifications hereafter are based on the profile of the Treasurer approved by the IUCN Council at its 85th Meeting (May 2015) and revised by the Bureau at its 73rd Meeting (November 2017).

1. Responsibilities of the Treasurer

(a) To contribute to the overall work of the Council in ensuring the efficient and effective governance of the Union in between sessions of the World Conservation Congress.

(b) To submit to each ordinary session of the World Conservation Congress, a report, prepared together with the Director General, on the consolidated accounts of IUCN for the intersessional period, together with the auditors’ reports for the relevant years.

(c) To review and provide comments to the World Conservation Congress on the IUCN Programme for the next intersessional period together with the related estimates of income and expenditure.

(d) To maintain an overview, on behalf of the IUCN Council, of the financial situation of the Union in between sessions of the World Conservation Congress and to approve for submission to Council, any adjustments to the approved intersessional financial plan.

(e) To advise the Director General, as appropriate, on financial matters relating to the implementation of the IUCN Programme and on fundraising in general.
Annex 2

2. **Qualifications**

The IUCN Council has agreed on the following criteria to guide the Council’s Search Committee:

The IUCN Treasurer must:

(i) as a member of Council, be committed to the statutory role and duties of the Council;
(ii) have a good background in finance, accounting and treasure management;
(iii) be well versed in the finance / accounting / investment and fundraising of large international entities at senior levels;
(iv) have the capacity to work in English and if possible, at least one of the other official languages of IUCN;
(v) have time available to devote to the Union and overseeing its financial management;

and desirably:

(vi) have experience in a large entity at regional / national level, specifically in areas of policy and strategy;
(vii) be familiar with Swiss financial practices and provide financial and budgetary oversight, aided by the Secretariat on the technical aspects of Swiss law and policies;
(viii) have strong interpersonal skills and the ability to work with diverse cultures.

Gender equity and regional diversity should be taken into consideration in selecting candidates.
B. DOCUMENTS SUBMITTED TO THE 73rd BUREAU MEETING¹

¹ Note that the documents submitted to the Bureau for consideration may differ from any of these documents subsequently approved by the Bureau, modified as the case may be during the Bureau meeting, and attached to the decisions and the summary minutes of the Bureau meeting.
### Draft Agenda

**Meeting in person in Gland on 18 November 2017 from 9:00 am to 5:00 pm**

Present in person: all members of the Bureau except Antonio Benjamin who has requested to participate remotely.

1 Proposals to reform the Statutes, Rules and/or Regulations related to election procedures will need to be developed and approved in 2018 in time to apply to the Call for nominations to be launched in 2019 for the elections to be held during the 2020 Congress.
Bureau document B/73/2

with timeline for each of the reforms identified. This will include, among others, 1) the recommendation of the Council 2012-16 (which itself was based on the recommendation of its Nominations Committee), that the next Council (2016-20) gives consideration to the elaboration of detailed procedures to harmonize the **Commissions nominations process** among all Commissions in order to give full effect to Regulation 30bis and 2) amendments to the Rules of Procedure to improve the motions process (WCC-2016-Dec-113)

| 14 | MIN C/92 p.12 | Council’s strategic objectives and priorities 2017-20:

"[The President] suggested that the Vice-Presidents examine this further with the assistance of the DG and Secretariat, and report to the Bureau in view of preparing a decision of the Council which could be finalized by electronic communication before the next Council meeting and invited all Council members to write to the President, the Vice-Presidents, the DG or the Secretary to Council with further ideas as input for the Vice-Presidents."

While the 1\textsuperscript{st} and 3\textsuperscript{rd} strategic priority areas identified during the 92\textsuperscript{nd} Council Meeting (income stability and implementation of the One Programme Approach) had already been the focus of the Director General and the Bureau, the 2\textsuperscript{nd} priority area, the need for a stronger value proposition, required more attention. Peter Cochrane volunteered to prepare a **conversation starter on the value proposition**. The suggestion was made for Bureau to facilitate the development of the value proposition, with the assistance of the Secretariat and the CEC.

The President requested the Secretariat to coordinate the inputs from Bureau members, Commissions and Secretariat and to prepare a revised draft **of the value proposition** to the Bureau in 1-2 months with a view to presenting it to the Council, and accepted Peter Cochrane’s offer to prepare a note to introduce further discussion in

Prepared by Luc De Wever, Secretary to Council
BUREAU HR Liaison Group Report – B 73

Background

To refresh members, in my last report read during 71st Bureau meeting I had reported on a number of issues to which I had received some responses from the Director General and during the ensuing discussions, we subsequently received verbal responses to other points raised.

Report

This report will be brief, and I will focus on current events and issues:

I had written to the DG earlier asking for some input and received a response accordingly:

1. Feedback on review of the HR Policy (including retirement aspect, etc.) – This was raised in the last Bureau report and the status at present as reported by the DG to me, is that the matter has been postponed to a later date to allow for consultation and comments from staff. I think this is proper and hope the comments received from staff will be considered on individual merit. I request the DG to avail the draft new Policy when ready with Bureau members and to also include the comments received from staff for our info. It would be useful to have this draft as soon as possible for us to add our views prior to be presented to FAC in April as indicated.

2. To avoid duplication of reporting, a point of concern by the DG, I wrote to request that the following matters be included in her report to this Bureau and Council:
   - Any new recruitment of senior staff and capacity being filled
   - Any new retirement or resignation with some info on reasons
   - Any other new issue which Bureau ought to be aware of vis-à-vis staff matters

3. Lastly, Chairman, on behalf of my colleagues, we must relay concern and dismay at the continuing negative view of this Liaison Group and its work. To reiterate, it is not our intention to cause any contentious feeling or acrimony in Bureau. But we do wish to repeat and reassert that the LG was a creation of the Bureau with the endorsement of the President and it is the complete right for us as well as Councilors to ask and receive information on matters that may impede and impact on our human capital across the Secretariat and be able to provide timely advise on interventions necessary by the DG.

The reports of the LG should be considered of value and not anything else.

We once again, ask for the support of all concerned and especially members of this Bureau itself.

We thank you Chairman for your support.
The IUCN Value Proposition

Background

Council during its discussion on strategic priorities at its 92nd meeting identified the IUCN value proposition as needing further consideration. The Bureau at its 71st meeting in May discussed a short paper on the topic comparing the existing and a potential new value proposition. At this meeting, Councillors identified two key objectives for the IUCN value proposition:

1. to sustain and grow our membership base, and particularly state parties and government agencies, to improve IUCN’s future financial stability and outlook;
2. to promote IUCN as a global leader and agent of change for nature conservation and sustainable development, as a partner of choice, as a thought leader in key international forums (eg Paris Agreement, Agenda 2030), and a unique global community of practice for nature-based solutions to global challenges

This paper builds on that discussion.

The existing value proposition from the current (about ten years old) brochure on benefits to members is:

2b Our value proposition

The way we use our brand to convince and encourage people to support us is our value proposition:

- IUCN provides credible, trusted knowledge
- IUCN convenes and builds partnerships for action
- IUCN has global-to-local and local-to-global reach
- IUCN influences standards and practices

The four elements of our value proposition make us distinct from other conservation organizations. Our value proposition is outlined in the IUCN Programme and we need to convey it in all of our communications.

The positive attributes of this statement of the IUCN value proposition are that it is concise and uses simple language. On the negative side these values do not paint a unique or distinct picture of IUCN, they do not reference IUCN’s diversity of membership, its global influence and leadership role, its science and evidence-based policies, its role in setting global standards, or the breadth of IUCN networks, communities of practice and expertise.

A revised, and possibly alternative, IUCN Value Proposition:

IUCN offers its members access to, the opportunity to contribute to, and benefit from:

- a unique, diverse and inclusive membership in a democratic union of governments, government agencies, international NGOs, NGOs and Indigenous Peoples Organisations, that includes six commissions of global
networks of expert professionals, together with the convening power to bring these diverse interests together creatively and constructively for nature conservation

- world class knowledge, science, thought leadership, and authoritative technical expertise and advice
- global, regional and national influence and agenda setting on laws and policies, policy expertise and advice, and an authoritative and powerful voice for conservation, including through IUCN’s permanent official observer status at the United Nations
- communities of practice, networks and partnerships that develop, leverage and implement programmes and projects that address global challenges through the lens of conservation and that develop, test and apply global conservation standards, norms, data and best practice in nature conservation
- a professional global organization meeting the highest expected standards with offices and staff in 55 locations around the world and the expertise and track record of operating at scale from global, regional, national to on-the-ground action
- a globally recognized brand

The following tag line could be added:

*IUCN informs, influences, and inspires nature-based solutions to global challenges*

The Bureau discussion did not resolve whether the second more comprehensive value proposition, however amended, should replace the existing proposition in the brochure on benefits to members, indeed some Councillors saw the two as complementary and both should be included.

**Recommendation**

*Councillors consider and agree the key elements of an IUCN value proposition, drawing on the above output from the 71st Bureau meeting.*
IUCN Strategic Risks, the role of Council and Councillors and strategic priorities for IUCN Council

Background

At the 92nd Council the Director-General presented a list of the strategic risks that she identified for IUCN over the forthcoming years (replicated in the table below). The draft minutes from the 92nd Council meeting on the subsequent discussion state:

- Besides identifying strategic risks, Council also needed to discuss how to address them and to seize opportunities, as well as to regularly assess how we were doing with respect to these risks.
- Under “structural risk”, the DG and IUCN staff in the regions were increasingly concerned about certain components of IUCN acting as NGO with legal personality beyond the IUCN Council’s oversight, using IUCN’s brand, leaving IUCN without ability to mobilize resources for the core mandate of the Union since bilateral donors would be funding what they would understand and perceive to be “national IUCN NGOs”, or about such components using the IUCN brand but without any Council oversight.
- In terms of “relevance risk”, IUCN had a duty to be optimistic while warning the world for limits to the use of natural resources. IUCN needed to get greater visibility and credibility based on our work nationally and globally. IUCN needed to inform, inspire and connect people at community level while being realistic about what it could deliver. IUCN needed to balance its work across the SDGs and balance its attention to terrestrial v. marine based resources.
- Loss of membership should be added as a major risk to be addressed by the membership strategy.
- In terms of corporate governance, it was also critical to ensure coherence of activities across the Union.

Building on this discussion and the strategic risks listed in the DG’s report to the 92nd Council the following table includes these risks (the first two columns are the risk category and nature from the DG’s report) and adds a third column with suggestions on how Council/Councillors might address these risks.

The aim of this table is to stimulate discussion on Council’s role in responding to these risks, and to provide a basis for discussion on Council’s strategic priorities. A set of suggested strategic priorities for Council is at the end of this document to start this discussion.
## Strategic risks and possible responses/action

<td>Importance of successful organizational change</td>
<td>Oversight of regular reporting of progress of change strategy and membership strategy</td>
</tr>
</tbody>
</table>
If Council agrees these roles/actions for Council and Councillors then a core set of IUCN Council strategic priorities might be:

1. To strengthen IUCN's role and profile as a global leader in nature conservation and an agent of change
2. To enhance and promote IUCN's role and profile as a partner of choice
3. To monitor and ensure IUCN's relevance in a changing world
4. To stabilize and improve future income
5. To oversee the performance and effective implementation of the IUCN Work Programme 2017-2020 through the One Programme approach
Introduction

At its 69th Meeting on 15 May 2017, the Bureau of the IUCN Council established a small group chaired by Jennifer Mohamed-Katerere, Chair of the IUCN Council Governance and Constituency Committee with Antonio Benjamin (co-chair), Chair of the IUCN World Commission on Environmental Law and the support of Sandrine Friedli Cela, IUCN Legal Adviser and Luc De Wever, Secretary to Council, with the purpose of identifying areas for further improvement of IUCN’s governance beyond the reforms approved by the 2016 Congress and the “Enhanced practices and reforms of IUCN’s governance” approved by Council in April 2016.

The group was requested to report to the Bureau in November 2017 with its findings, following which the Bureau would recommend to Council, for each of the reforms identified, a process with timeline leading to the formulation of concrete proposals including, where required, proposed amendments to the Statutes, Rules and/or Regulations and any other instruments that may be considered necessary.

The Bureau Working Group held two conference calls, on 12 October 2017 and 13 November 2017, and further worked by email correspondence.

The Bureau Working Group presents the results of its work so far in the Table below.

The Bureau Working Group suggests that:

1) with the Bureau and Council’s approval, concrete proposals are being developed for a number of reforms, in particular those that are time sensitive, in time for Council’s consideration in April 2018;

2) following the 93rd Council meeting, members of the previous Council and possibly other individuals/components be invited to signal other issues requiring reform, based on their experience.

IUCN Councilors Support Concept

Disclaimers:

- IN PREPARATION OF THIS PROPOSAL, I CONSULTED A FEW COUNCILORS ALSO (SO IT’S NOT A SOLO ALI KAKA PRODUCTION!)
- COUNCIL MEMBER PROF. RUSTAM SAGITOV AND MANGAL SHAKYA HAD EARLIER FORMALLY WRITTEN TO THE PRESIDENT OVER THE SAME

Introduction and rationale

As a membership organization driven and governed primarily by its membership, representatives of the membership are elected at the World Conservation Congress to assume all fiduciary responsibility over the organization in the ensuing four years on their behalf.

At the same time, Councilors carry a heavy responsibility to ensure the membership, mainly but not restricted to, in their regions of origin are kept up to date on the state and affairs of the organization on a regular basis and to carry back their concerns and views to Council or President as the case may be.

This later responsibility requires as much as possible frequent personal contact by way of attending events, functions organized by the members and the periodic meetings of national and regional Committee meetings. A consistent criticism of Councilors by members is the lack of this contact resulting in dissatisfaction over the performance, involvement and contribution of Councilors which is largely unwarranted.

Few Councilors are generously sponsored by their respective institutions and are able to carry out these expected consultations while even fewer spend their own resources to ensure they try to maintain some minimum level of contact.

Where possible and affordable, electronic or virtual contact is another way Councilors use to stay in touch. Needless to say, in many countries this is either too costly or connectivity is poor or both.

It should be considered a right for elected Councilors who require support to carry out this duty to be provided with reasonable level of financial and logistical assistance.

This concept is meant to justify and illustrate the type of support that is needed.

Requirements and process

A. Support for Councilors to carry out regional consultations would be for transportation (flights and ground) and a minimal expenditure stipend.
B. All Council members will be consulted on their requirements where applicable. This information will need to be as accurate as possible. Those who do not have a need for support will indicate as such
C. Based on information collected, an average of the requirements may be calculated
D. A simple accounting and reporting template may be developed if necessary

The following options are tabled for discussion and decision:

1. Based on the financial status of the organization, a percentage of the budget may be set out for the Councilors support budget line.
2. A fixed amount per Councilor may be delineated by FAC based on information gathered from (B) or agreed on after informed discussions.
3. A sample consultation may be carried out with respect to regional spread to acquire a reasonable idea of the requirement.

Conclusion

In the spirit of supporting the regional duties of elected Councilors and as a response to the membership of IUCN, it is expected this proposal will be given due respect and seriousness by the FAC.

It is the principle aim of this proposal to show our members that their Councilors are taking their responsibility to them seriously and would like to maintain appropriate and regular contact throughout their term and not only during the election cycle.
**Additional appointments of members of the Steering Committees of IUCN Commissions**

Origin: Chairs of the IUCN Commissions (CEESP)

**REQUIRED ACTION**

The Bureau of the IUCN Council is invited to appoint additional members of the Steering Committees of the IUCN Commissions on the recommendation of the Chairs of the respective Commissions.

**DRAFT BUREAU DECISION**

The Bureau of the IUCN Council, on the recommendation of the Chair of the IUCN Commission on Environmental, Economic and Social Policy (CEESP), appoints the following individuals as members of the steering committee of CEESP, in addition to the appointments made by the Council at its 91st (decision C/91/3) and by email correspondence of the Bureau on 2 October 2017 (decision B/I):

1. Ms. Pasang Dolma Sherpa (Nepal; co-chair Specialist Group on Indigenous Peoples, Customary and Environmental Law and Human Rights - SPICEH);
2. Mr. Kanyinke Sena (Kenya; co-chair Specialist Group on Indigenous Peoples, Customary and Environmental Law and Human Rights - SPICEH);
3. Mr. Aisa Mustafa Hammadeen (Jordan; Regional Vice-Chair West Asia)
4. Mr. Osvaldo Munguía (Honduras; Regional Vice-Chair Meso and South America)
5. Ms. Elise Huffer (Resident Fiji (citizenship in process), French/ American; Regional Vice-Chair Oceania)
6. **Ms. Yeshing Juliana Upún Yos (Maya Kaqchikel, Guatemala; co-chair Specialist Group on Indigenous Peoples Customary and Environmental Law and Human Rights – SPICEH.**

**New CEESP Steering Committee Appointments November 2017**

1. **Specialist Group on Indigenous Peoples, Customary and Environmental Law and Human Rights (SPICEH)**

CO-Chairs: Pasang Dolma Sherpa (NEPAL), Kanyinke Sena (Kenya) and **Yeshing Juliana Upún Yos**

Pasang Dolma Sherpa serves the Center for Indigenous Peoples’ Research and Development (CIPRED) as Executive Director and has been working with indigenous peoples of Nepal in relation to climate change education, particularly in the area of indigenous peoples' customary
practices and traditional knowledge in conservation and sustainable management of natural resources and biodiversity since 2009. Ms. Sherpa has been working in the field of livelihood programs, social entrepreneurs, community radios, environmental education and sustainable development after the completion of her Masters in Arts and Philosophy in Development Studies from Kathmandu University in Nepal in different national and international organizations since 2004. She has already served as the representative of indigenous peoples' of Asia and Pacific to the Policy Board of UN-REDD for 3 years and to the Participant Committee of Forest Carbon Partnership Facilities (FCPF) World Bank for 4 years, member of the REDD Working Group (WG) of Ministry of Forest and Soil Conservation (MoFSC) of Nepal for 8 years, co-chair of International Indigenous Peoples' Forum on Climate Change (IIPFCC) for one year and national coordinator of climate change global partnership program of Nepal Federation of Indigenous Nationalities (NEFIN) for 8 years in Nepal. Ms. Sherpa has been closely following the negotiations of UNFCCC since 2009 as a member of IIPFCC.

**Kanyinke Sena** is Ogiek from Kenya. He is an expert on Indigenous Peoples rights and served as chairperson of the UN Permanent Forum on Indigenous Issues and currently serving as member of the African Commission Working Group on Indigenous Populations and as Kenya Advocacy Officer, Minority Rights Group, International. He previously served as a member of Conservation International’s Indigenous Advisory Group (IAG) and as the East Africa Regional Representative for the Indigenous Peoples of Africa Coordinating Committee (IPACC), where he spearheaded Indigenous Peoples engagement in REDD+ in Africa. He has also served in the UNREDD policy board, REDD+ Social and Environmental Standards Committee and spearheaded multi-stakeholder consultations in the preparation of REDD+ readiness packages for Kenya and Uganda serving as a Consultant for the Forest Carbon Partnership Facility (FCPF). He has a Doctorate degree in Law from the University of Arizona, USA and his thesis focused on indigenous Peoples rights in the context of carbon credit schemes in Kenya.

He is law lecturer, Egerton University in Kenya and Kenya Advocacy Officer, Minority Rights Group International. Former, member and chairperson, United Nations Permanent Forum on Indigenous Issues.

**Yeshing Juliana Upún Yos** is a Mayan Kaqchikel woman from Guatemala. She is beginning her career in law and is an advocate of Indigenous Peoples and women rights. Her focus has been on the collective rights of Indigenous Peoples, especially as they relate to natural resources and sustainable development with a focus on biodiversity conservation based on traditional knowledge. In addition she has also worked on the following issues: Mayan Peoples rights and Maya Women rights; Maya development, communal management of lands and biocultural territories, forests, biodiversity and management of collective areas by indigenous people; the Kaqchikel Volcanic Chain; and climate change. Ms Yeshing is currently a coordinator for Indigenous Peoples Rights of Sotzil Association based in Guatemala. Sotzil has undertaken numerous technical and political activities relating to indigenous peoples and their collective rights at a local, national, regional and international level. Her experiences demonstrate her commitment to indigenous peoples, their spirituality, traditional knowledge, language, culture, and identity.

### 2. Regional Vice Chairs:

**West Asia:** Aisa Hammadeen

Aisa Mustafa Hammadeen has over ten years’ experience in legal works and researches. He holds a lawyer’s license from the Jordan Bar Association. He has written and lectured on legal
topics relating primarily to environmental law and human rights and participated in many conferences. His research interest includes Environmental law, and human right. He worked as a legal advisor in an environmental project between Jordan, Syria and Lebanon. He is also the owner and founder of the Life Center for Legal Studies and Researches. Aisa M Hammadeen is a member in several nonprofit organizations. He is a member in IUCN Environmental Law Centre (ELC), and IUCN World Commission on Environmental Law (WCEL). He is also a member in the Jordan Environment Society. He earned his Master’s degree in law in 2005 and Bachelor’s degree in Law in 1999.

Meso and South America: Osvaldo Munguía
Osvaldo Munguia is co-founder of MOPAWI (1985 – IUCN Indigenous Peoples’ Organisation Member) and its director since 1990. He was part of team leading the defence of the Moskitia region against three threats to indigenous peoples territory: i) A Concession granted to Stone container on one million hectares of forest territory to 40 years (1991); ii) An Executive Decree for Induced Settlement of one hundred thousand people on Sico-Paulaya Valley next door to Rio Platano Biosphere (1995); iii) The Concession granted to Harza and Panda companies, to build the Patuca II Dam on the Patuca-Tawahka Biological Corridor (1997-1998). The three defence campaigns were successful. Those projects were not carried out. This was key to obtain territorial titles in favour of La Moskitia Indigenous Peoples. He studied forestry at ESNACIFOR, Honduras (1977-1979); a Diploma on Silviculture at the Institute of Forestry, University of Oxford (1982); and a Masters degree In Community Economic Development at the New Hampshire College (1989-1990). He speaks Spanish, Miskitu, and English.

Oceania: Elise Huffer
Elise is originally half French and half American and has been in the Pacific for 30 years. She is Culture Adviser in the Social Development Program of the Pacific Community (SPC – IUCN NGO Member), the oldest intergovernmental regional organization in the Pacific. In this role, Elise is responsible for promoting culture and the culture sector in the Pacific Islands region, working directly with governments, non-governmental organizations and other regional and international agencies. Some of her major areas of work are the development of cultural policy; the promotion of Pacific cultural industries; support for the preservation and promotion of cultural heritage, and the advancement of development and conservation policy which integrates cultural knowledge, norms and values. Prior to joining SPC, Elise designed and coordinated the Pacific Studies Postgraduate Program at the University of the South Pacific (a regional university which has 12 member States) and was responsible for the Institute of Pacific Studies Publications. During her 11 years at the USP, Elise’s research was focused on Pacific norms of governance and development, gender and culture. Elise was Co-Chair of CEESP’s Theme on Culture and Conservation from 2009 to 2016. Elise has two daughters, a husband, is an avid outrigger canoe paddler, an ex-international rugby player and is learning how to raise horses.
73rd Meeting of the Bureau of the IUCN Council

Agenda Item 7

Recommendations from the Ethics Committee of the IUCN Council

Origin: Chair of the Ethics Committee

REQUIRED ACTION:
The Bureau is invited to express its support for the amendments to the Code of Conduct for IUCN Councillors which are consequential to the Conflict of Interest Disclosure Form approved by the Ethics Committee and will be submitted to the Council for adoption.

1. As announced in the report of the Ethics Committee to the 69th Bureau Meeting (May 2017), the Ethics Committee, based on its authority as per the Code of Conduct for IUCN Councillors, has approved a Conflict of Interest Disclosure Form which Council members will be required to sign / submit on an annual basis.

2. The Disclosure Form requires two amendments to the Code of Conduct itself which the Ethics Committee will propose to the Council for adoption.

3. The Bureau will be invited to express its support for these amendments.

4. Following a request of the Bureau (71st Meeting, August 2017), the Ethics Committee suggests to recognize the disclosure process in the Performance Commitment for IUCN Councillors proposed by the GCC.

5. Enclosed herewith is the message which John Robinson addressed to the President on behalf of the Ethics Committee on 31 October 2017, introducing the Disclosure Form as well as the draft amendments to the Code of Conduct and to the Performance Commitment which are all attached to John Robinson's note.
Dear Mr. President,

On behalf of the Ethics Committee, I would like to table the following documents for discussion at the upcoming Bureau meeting. These documents propose amendments to (1) the Code of Conduct for IUCN Councillors, including a draft Conflict of Interest disclosure form attached as an annex and (2) the Performance Commitment for IUCN Councillors, to take into account the Conflict of Interest disclosure form. The Ethics Committee requests that the Bureau notes the proposed amendments and forward, hopefully with support, the proposed amendments to the full Council for discussion and consideration of the proposed amendments. Vice Presidents Amin Khan and Ali Kaka are members of Bureau and can introduce the proposed amendments, but let me provide some additional talking points.

**Conflict of Interest Disclosure Form**

The Conflict of Interest Disclosure Form seeks to follow best practice in corporate and not-for-profit boards.

- If adopted, the amendments would request Councillors to provide "self disclosures", which would require Councillors to make a decision if there are any circumstances associated with their service on the IUCN Council that might be a perceived or real conflict of interest. In other words, the details of disclosure would be made by the Councillor. Council Members, through this form, would inform the Ethics Committee of any conflicts and withdraw from participation in any decision-making concerned with the matter.

- The form requests Councillors to (1) identify any business transactions, and (b) identify any role which might impair one's ability to act in the best interests of IUCN. What this process tends to do therefore is (a) encourage Councillors to think about whether they have a conflict of interest, and (b) protect them (and IUCN) in the event of a complaint.

- All Councillors would fill out the form once a year, probably at a designated Council meeting, and return the form to the Chair of the Ethics Committee. Regular submission of this disclosure form is standard good practice and would keep disclosures up to date. The disclosure forms would not be available to anyone outside the Ethics Committee, but would be archived by the Secretary of the Council.

- The role of Ethics Committee is to help advise Council Members of how to treat conflicts of interest through the disclosure submission process (it is not to 'police' any real or perceived conflict of interest). This would also be an opportunity for Council Members to seek the advice of the Ethics Committee on whether or not to recuse themselves from any decision-making. In the event that there is an external complaint about a perceived conflict of interest, then the Ethics Committee would refer to the the disclosure form to inform their deliberations before reporting back to the Council with its recommendations.

- The form itself would be an Annex to the Councillor Code of Conduct.

**Performance Commitment for IUCN Councillors**
The disclosure process would be recognized in the Performance commitment, and there is a suggested amendment to the Performance Commitment to recognize this.

**Code of Conduct for IUCN Councillors**

There are two amendments to the Code of Conduct that recognizes this disclosure process.

I attach the proposed annex to the Code of Conduct, and amendments to the Code of Conduct and to the Performance Commitment. I am available to answer any questions.

John

Conflict of interest disclosure form

Introduction

The Code of Conduct for IUCN Councillors (hereafter “Code of Conduct”) requires each Council member to “compile and submit an annual disclosure form to the Chairperson of the Ethics Committee. The information to be provided in such a disclosure form shall be requested in a standard format determined by the Ethics Committee.”

The Code of Conduct further specifies that “Failure by any Council member to disclose potentially relevant interests in the disclosure form will be considered by the Ethics Committee, which if necessary, shall report back to Council with its recommendations.”

All Council members are kindly requested to return the present form electronically or by hard copy addressed to the Chair of the Ethics Committee of the IUCN Council c/o Secretary to Council (email address) by (deadline) or before the end of the Council meeting during which the form has been distributed. Hard copies should be sent under a sealed envelope marked “Interest Declaration Form” by postal mail to (address).

The disclosure forms will not be distributed outside the Ethics Committee whose members will use the information only for the purpose of carrying out their mandate under the Code of Conduct.

If you have any questions, please contact the Chair of the Ethics Committee (name, email address and telephone number).

Conflict of interest according to the Code of Conduct for Councillors

In the Code of Conduct, “Conflict of Interest” means “a situation in which a Council member holds or assumes a role or engages in a relationship with a third party, in a context other than that member’s role in and responsibilities to IUCN, which impairs or reduces, or appears to impair or reduce, that member’s capacity to act in the best interest of IUCN.”

The Code of Conduct further specifies that: “Council members should arrange their private and other professional affairs in a manner that will prevent actual, perceived or potential conflict of interest. Whenever a Council member is in a conflict of interest situation as defined herein, that Council member is under an affirmative duty of disclosure to the Ethics Committee. […] If any such conflict arises, Council members must promptly inform the Council Ethics Committee (and if appropriate the Chair of the meeting where the conflict arises) and withdraw from participation in decision-making connected with the matter. If the conflict is apparent or potential rather than actual, Council members should seek the advice of the Ethics Committee of Council about whether they should recuse themselves from the situation that is creating the appearance of or potential for conflict.”

Definitions

The Code of Conduct defines:

“Close relatives” as family members including spouse, domestic partner, ancestors, siblings (whether of whole or half-blood), children, grandchildren, and great grandchildren; and the spouses of siblings, children, grandchildren, and great grandchildren.

“Other related parties” as:
Annex 2
(to the Code of Conduct for IUCN Councillors)

- Any partnership, limited liability company or professional corporation in which a Council member or her/his close relative(s) is a partner, member or shareholder, respectively, with direct or indirect ownership interest in excess of 5%;
- Any entity (governmental, non-governmental, or corporate) in which a Council member serves as an officer, director / board member, trustee, or key employee;
- Any entity in which a Council member and/or her/his close relative(s) own more than 35% of the combined voting power, profits interest, other ownership or beneficial interest, whether directly or indirectly, individually or collectively.

“Business transaction”: Business transactions include, but are not limited to, contracts of sale, leases, licenses, loans, and arrangements for the performance of services.

Disclosures

Please provide the information requested below for the calendar year ending (date).

If there is nothing to disclose, please write “N/A”. Attach additional pages if necessary to provide a complete response.

Return the present form electronically or by hard copy addressed to the Chair of the Ethics Committee of the IUCN Council [c/o Secretary to Council?] (email address) by (deadline). Hard copies should be sent under a sealed envelope marked “Interest Declaration Form” by postal mail to (address).

A. Identify any business transaction in which you or a close relative or other related party of yours engaged with IUCN or any of IUCN’s components¹:

_______________________________________________________________

_______________________________________________________________

B. Identify any other role you hold or assume, or any other relationship with a third party, in a context other than your role in and responsibilities to IUCN, which impairs or reduces, or appears to impair or reduce, your capacity to act in the best interest of IUCN:

_______________________________________________________________

_______________________________________________________________

I hereby affirm that, to the best of my knowledge, this annual disclosure statement is correct and complete. I also hereby acknowledge my obligation to notify the Ethics Committee of the IUCN Council promptly if at any time any of the facts stated above change.

Name:
Date:
Signature:

¹ “Components” in the sense of Article 15 of the IUCN Statutes comprise: the World Conservation Congress, the Council, the National and Regional Committees and Regional Fora of Members, the Commissions and the Secretariat (including its regional, country and out-posted offices).
Amendments to the Code of Conduct for IUCN Councillors

1. In PART I – Definitions, add the following clauses:

“Close relatives” means family members including spouse, domestic partner, ancestors, siblings (whether of whole or half-blood), children, grandchildren, and great grandchildren; and the spouses of siblings, children, grandchildren, and great grandchildren.

“Other related parties” means:

- Any partnership, limited liability company or professional corporation in which a Council member or her/his close relative(s) is a partner, member or shareholder, respectively, with direct or indirect ownership interest in excess of 5%;
- Any entity in which a Council member serves as an officer, director, trustee, or key employee;
- Any entity in which a Council member and/or her/his close relative(s) own more than 35% of the combined voting power, profits interest, other ownership or beneficial interest, whether directly or indirectly, individually or collectively.

“Business transaction” means transactions including, but not limited to, contracts of sale, leases, licenses, loans, and arrangements for the performance of services

2. In PART IV – Conduct, section a. Disclosure of Interests:

- Amend the following paragraph as follows:

Each Council member shall compile and submit an annual disclosure form to the Chairperson of the Ethics Committee. The information to be provided in such a disclosure form shall be requested in a standard format determined by the Ethics Committee. The Conflict of interest disclosure form approved by the Ethics Committee of Council is hereafter attached as Annex 2 and constitutes an integral part of the present Code of Conduct. Disclosure forms and relevant data contained therein will be compiled by the Ethics Committee or any other person to whom the Committee delegates this responsibility. Failure by any Council member to disclose potentially relevant interests in the disclosure form will be considered by the Ethics Committee, which if necessary, shall report back to Council with its recommendations.

3. In PART IV – Conduct, section b. Conflicts of Interest:

- Amend the following paragraph as follows:

Council members have a duty to avoid any conflict of interest situation involving them, individually or directly, as well as their close relatives or other related parties. If any such conflict arises, Council members must promptly inform the Council Ethics Committee (and if appropriate the Chair of the meeting where the conflict arises) and withdraw from participation in decision-making connected with the matter. If the conflict is apparent or potential rather than actual, Council members should seek the advice of the Ethics Committee of Council about whether they should recuse themselves from the situation that is creating the appearance of or potential for conflict.
Performance Commitment for IUCN Councillors

(To be read by each candidate accepting a nomination to become a member of the IUCN Council. All elected and appointed Councillors are invited to sign this commitment at the time of their nomination or appointment.)

Background

The IUCN Council is taking steps to improve the effectiveness and efficiency of its governance system. Effective members of Council are a critical part of the IUCN governance system. One of the steps being taken to ensure an effective Council is to strengthen the nomination process for Councillors to ensure that criteria and expectations of what it means to be an IUCN Councillor are clear when nominations are accepted, and that Councillors make a commitment to fulfil these criteria.

The following Commitment sets out a minimum level for your participation and input to the work of the IUCN Council. Your commitment as a member of the IUCN Council is to be seen in the broader context of the overall role of the IUCN Council as set out in Articles 37–65 of the IUCN Statutes.

Performance Commitment

As a duly elected member of the IUCN Council, I agree to do my best to fulfil my duties as an individual Council member. These are to:

1. Participate fully in the work of the Council, by
   a) taking part in official Council meetings as notified by the Secretariat at least one month in advance. This may include physical attendance or video- and tele-conferencing;
   b) providing meaningful responses to official Council communications requesting comments and inputs to such Council matters as minutes, committee proposals and decisions on any matters on the Council agenda; and
   c) participating in subcommittees and Task Forces of the Council, whether as assigned by the President or on a voluntary basis.

If, for any reason, I am not able to attend duly notified Council meetings for a prolonged period of time (three consecutive Council meetings) or to participate by some other means (telephone, email) to the satisfaction of the Bureau of Council, I agree to step down from my position as Council member and to allow the Council to replace me, as provided under the Statutes (Article 64).

2. Serve on the Council of IUCN on a voluntary basis, receiving no financial payment for my work as a Council member, other than reasonable reimbursement of expenses incurred in carrying out my Council duties, as set out in the Statutes (Article 63).

3. Abide by accepted codes of conduct and duties, specifically the Code of Conduct for IUCN Councillors which forms an integral part of this Agreement. I will review and avoid any potential conflict of interest and each year submit the conflict of interest disclosure form to the Ethics Committee of Council.
4. **Comply with all applicable laws and regulations of IUCN** relating to Council members.

5. **Respect the confidentiality of all information** declared by the Council to be confidential and received by me in any medium, including verbal, electronic or written.

6. **Remain accountable to the constituency of IUCN** – the membership.

7. **Acknowledge that**, if I am not able to fulfil these obligations as a Council member to the satisfaction of the Council, **Council has the right to suspend and expel me** subject to Article 64 and Article 65 of the Statutes, and to find a suitable replacement for me on the Council of IUCN.
